

Ramp

Alva's Institute of Engineering and Technology has ramp for helping persons with disability to go to different places like classroom and washroom of different floors.

Ramp at Entrance of AIET

Lifts

Two lifts are present , one in Academic main building and one in mechanical building. Each lift can carry 8 persons at a time. It helps the persons with disability to go up easily.

Washrooms

Washrooms are built with ramp facilities which will be used by students easily.
