POLICY ON DIFFERENTLY-ABLED FRIENDLY ENVIRONMENT (DIVYANGJAN)

1. PURPOSE:

The right to education focuses on the need to have inclusive education, where students with learning difficulties and identified disabilities fulfill their educational needs through disability friendly support systems and equal opportunities provided at the educational institutes. AICTE guidelines expects the Engineering institutes across the country to provide disabled friendly arrangements in the campus for the mobility and independent functioning of differently abled

2. DEFINITIONS

Differently-abled Person: According to The Rights of Persons with Disabilities Act, 2016. "Person with disability" means a person with long term physical, mental, intellectual or sensory impairment which, in interaction with barriers, hinders his full and effective participation in society equally with others.

3. SCOPE:

AIET upholding the core value of "family culture" believes in fair and equitable treatment to all, and has well defined policy for the differently – abled, since inception, with the objective of providing inclusive education which will enable them to develop their capabilities and skills, accelerating the process of their social integration.

4. POLICY STATEMENT

"It is our commitment to provide inclusive education to the differently-abled through nurturing and motivating environment, providing equal opportunities to explore their potential and eliminate any kind of stigmatization so that they become competent individuals".

The institute has built a disabled friendly environment, taking special care of some of the common problems faced by the differently abled in their independent functioning and mobility and has

provided the following facilities to differently abled students , staff members and guests visiting the campus.

FACILITIES

1. Provision for Enquiry and Information at Reception

Visit of differently abled guests to the campus, will be supported by a staff member of the institute who will serve as a personal guide assisting them, catering to their needs during the entire period of visit. Human assistance will be provided for the Persons seeking information related to admissions and other matters, to visit the office and other facilities of the campus including the support to read/ write any documents to the best of their satisfaction.

2. Wheel Chair

A wheel chair facility with an attendant is available for the use of differently-abled, to facilitate easy and comfortable movement inside the campus.

3. RAMP

Ramp facility is provided at strategic locations in the campus for the safety of differently abled having access to the class rooms, laboratories, washrooms, library, play grounds, hostel mess etc.

5. Lift

The Institute buildings have Lift facility with emergency alarm switches, which can be used by differently-abled on priority basis, to utilize the academic facilities existing at the upper levels.

5. Signage facilities

There are directional sign boards displayed everywhere to different departments and other facilities of the campus facilitating hassle-free movement within the campus.

7. Provision for Scribe during Examinations

The Institute is committed to extend scribe facility for deserving candidates during final examinations by obtaining prior permission from the affiliated University.

8. Disabled - friendly wash rooms

The Institute has separate, well maintained, clean user-friendly washrooms with all the necessary amenities for the use of differently abled .In addition, there are safety sign boards, good lighting arrangements illuminating the campus at night and surveillance system providing secure environment. Institute is also committed to implement all the schemes of the Government designed for the welfare of differently abled, on need basis.
