## **WORLD ENVIRONMENT DAY**

**Date: 30/06/2023**

### **Introduction.**

On June 30, 2023, in observance of World Environment Day, a guest talk focused on waste management and plastic awareness was organized to highlight the urgency of addressing these critical environmental issues. The event aimed to raise awareness, educate the audience about the impact of waste and plastic pollution, and promote sustainable practices to mitigate their adverse effects.

### **Objectives**

To raise awareness about the importance of World Environment Day and inspire individuals to take action for a sustainable future.

### **Guest Speaker**

**Mr Jeeth Milan Roche**  
**Social Entrepreneur and Environmentalist**

Mr Jeeth Milan Roche of Mangaluru spearheading pro environment initiatives in the city. He is awarded the AICU Centenary Environment Award.

Mr Jeeth Milan Roche, who is also the Founder of Mangalore Green Brigade is on a mission to Mangaluru environmental and green City. Roche claims to have planted more than 18,000 saplings across the city. Whether it is the 700 plants in Aloysius College in Mudipu, 2,400 plants at Nandigudda cemetery, lining National Highway 48 between Padil and B.C. Road, over 3000 saplings at Pachanady dump yard, Roche has played a crucial role in the afforestation drive.

The person, 40-year-old Jeeth from Kudla, who is very much determined to make Mangaluru a "Green City", by sacrificing his time and energy for the betterment of the environment. Mr Jeeth

Milan has joined hands with NICO Brigade- a team comprising of students, established for the purpose of creating awareness about environmentalism and waste management in Mangaluru. With an objective to create a new class of media professionals who believe in universal access to welfare and to develop a deeply reflective understanding of India, the team will be actively going around Mangaluru City promoting waste segregation through innovative presentations, skits and activities. Working in different committees, they have been striving towards making Mangaluru a cleaner and smarter city. Jeeth in coordination with NICO has also planned to conduct a skit on waste segregation at the Mangaluru jail, Railway Station, Sultan Battery, District Court, and Bengre community. The same play will also be taken to several schools and colleges across the city. The campaign also aims to reach out to city residents by holding fun games at malls and public places in the city with the express intent of raising awareness

### **Summary of Guest Speaker**

Mr Jeethe Milan Rochee, Social Entrepreneur and Environmentalist discussed the growing concerns related to improper waste disposal. He explained the environmental, social, and economic consequences of unregulated waste practices. Dr. Jeethe shared insights into effective waste management strategies, such as recycling, composting, and waste-to-energy initiatives. He emphasized the importance of implementing comprehensive waste management systems at individual, community, and governmental levels.

Also a passionate advocate for reducing plastic pollution, shed light on the alarming levels of plastic waste contaminating our ecosystems. He highlighted the detrimental impact on marine life, ecosystems, and human health. Mr. Jeethe shared examples of successful plastic waste reduction initiatives, such as plastic bag bans, alternative packaging materials, and extended producer responsibility programs. He urged individuals to take responsibility for their plastic consumption habits and actively support efforts to minimize plastic waste.

As an environmental activist, focused on the importance of plastic awareness and informed consumer choices. She discussed the prevalence of single-use plastics and their long-lasting negative effects on the environment. Ms. Jeethe shared practical tips for reducing plastic consumption, such as using reusable bags, bottles, and utensils, as well as seeking out plastic-free alternatives. She highlighted the significance of community involvement and encouraged attendees to participate in local plastic awareness campaigns.

### **Key Themes Explored:**

1. The environmental impact of improper waste management practices.
2. The consequences of plastic pollution on ecosystems and human health.
3. Effective waste management strategies, including recycling and composting.
4. Promoting plastic awareness and encouraging responsible consumer choices.

### Recommendations

The guest talk concluded with a strong call to action, inspiring attendees to take concrete steps towards waste management and plastic reduction. Participants were encouraged to:

1. Practice responsible waste management by segregating and recycling waste.
2. Reduce plastic consumption by opting for reusable alternatives.
3. Support local initiatives promoting waste reduction, recycling, and composting.
4. Advocate for stricter regulations on single-use plastics and support bans on harmful plastic products.
5. Engage in community-level plastic awareness campaigns and educational initiatives.

### Conclusion

The guest talk on World Environment Day successfully highlighted the significance of waste management and plastic awareness in preserving our environment. The speakers' presentations fostered an understanding of the environmental consequences associated with poor waste practices and plastic pollution. It is hoped that the event sparked a sense of responsibility and motivated individuals to adopt sustainable practices, reduce plastic consumption, and actively participate in waste management initiatives. By implementing the suggested actions, we can collectively contribute to a cleaner, healthier, and more sustainable future.
