REPORT ON THE GUEST TALK

The highly decorated, retired Indian Army officer Major General G. D. Bakshi addressed the students of Alva's Educational Foundation in a special lecture and interactive session organized by the Rostrum Speaker's club of the institution. The session was held at the Alva's Institute of Engineering & Technology campus at Moodbidri. Maj. Gen. Bakshi fervently spoke about national security, patriotism and nationalism to the rapt audience before patiently answering the queries raised by the students in the interactive session.

Maj. Gen. Bakshi spoke in support of the Agnipath Scheme and expressed that the tenure should be made for 7 years instead of the present 4 years. He stated that the youth in the country were being misled by divisive forces that ascribe to secularism and communalism for every issue. Consequently, the younger generation was distancing itself from its commitment towards the nation.

He further said that external forces were attempting to create trouble in India as they do not want the country to be strong. Stating that a major component of national security was the economic self-reliance, Maj. Gen. Bakshi said the country was poised to be the third largest economy in the near future. He asserted, "Today, India is the 5th largest economy in the world in 2-3 years we will be the 3rd largest. India will definitely become a super power in the years to come."

Major General G. D. Bakshi (retired) speaking to the audience at Alva's Institute of Engineering & Technology, Moodbidri.

Students of Alva's Institute of Engineering and Technology, as well as the Homoeopathic Medical College, attended the program. The session was also graced with the presence of the retired High Court Judge Krishna Bhat, Maj. Gen. Bakshi's spouse Sunitha Bakshi, Col. Ashok Kini, and Alva's Education Foundation Managing Trustee Vivek Alva.

Outcome:

Students gained awareness of the immense potential of India as a country. Around 80 student of Rostrum club gained awareness of India's Foreign policies and they affect the nation's security. Students gained a much clearer outlook on India's relationships with other nations throughout history. The Major General motivated the students and made them realize that as youths they are the future of the country

REPORT ON THE GUEST TALK

Veteran actor and National award-winning film-maker, Mr. Prakash Belawadi, addressed the students of Alva's Educational Foundation in a special lecture and interactive session organized by the Rostrum Speaker's club of the institution. The session was held at the Alva's Institute of Engineering & Technology campus at Moodbidri. The actor and activist, Mr. Prakash Belawadi, fervently spoke about Indian culture and environment to an enthusiastic audience of students and faculties before patiently answering the queries raised by them in the interactive session.

Mr. Prakash Belawadi emphasized the importance of resource management by sharing his experiences, and vehemently called for the protection of forests, as according to him our lives depend on it. Mr. Belawadi recommended that people should follow a traditional way of living- in synchronization with the natural environment, to protect and better take care of our environment.

REPORT ON THE GUEST TALK

The Executive Director of the Centre for Internet & Society, Mr. Tanveer Hasan, addressed the students of Alva's Educational Foundation in a special lecture and interactive session organized by the Rostrum Speaker's club of the institution. The session was held at the Alva's Institute of Engineering & Technology campus at Moodbidri. The former information & knowledge manager of the Wikipedia Foundation, Mr. Tanveer Hasan, authoritatively spoke about navigating the Wiki-sphere to the rapt audience before patiently answering the queries raised by the students in the interactive session.

Mr. Hasan spoke on the democratization of information and how it can only be achieved by the involvement of the people. He stressed further that will ultimately become a reality only if the youth contribute to the system of knowledge.
