Report on "Java Full stack Training Program"

Alvas Institute of Engineering and Technology with its Placement Cell Organizes a 15 days Hands-on training to 3^{rd} year students of AIML Department. Total 4 students were actively participated in this program. The training program was carried out from 7/10/2022 to 22/10/2022 in CSE Department Machine Learning lab from 9AM - 5PM.

The training program was conducted by Mr. Adhiraju from Qspider and he covered the following topics in respective days.

Sl No	Dates	Topics covered
1	10/7/2022	java development kit, token, and some basics of java
2	10/8/2022	Identifiers, variables, datatypes, class variables, type casting, operators.
3	10/9/2022	programs on operators, scanner class, conditional statements(decision).
4	10/10/2022	programs on conditional statements, looping statements and examples
5	10/11/2022	Arrays, compatibles, sort, replacement
6	10/12/2022	patterns, inheritance, casting, class cast exception
7	10/13/2022	Xylem and phloem number, methods ,object creation, initializers
8	10/14/2022	programs on methods, static, non static, constructors,
9	10/15/2022	constructor overloading ,method overloafing, copy constructor, patterns, OPPs,
10	10/17/2022	patterns, bank transaction program, relationship, aggregation.
11	10/18/2022	patterns, inheritance, casting
12	10/19/2022	Loops, programs on loops, Armstrong numbers, decimal to binary,
13	10/20/2022	Interface, Statics, objects and class, Arrays
14	10/21/2022	Loops, programs on loops, Armstrong numbers, decimal to binary
15	10/22/2022	Strings, collectors, list stack, hash, tree set
