Activity Report: Donation of School Essentials to Underprivileged Children on 01.06.2023

On 01.06.2023, NSS, Samskruthika Kalavedike – Ashwathapura, various other organizations, and local community members jointly conducted a donation drive at Govt. Primary School - Neerkere, aimed at providing school essentials to underprivileged children. The objective of the activity was to support these children in their educational journey by equipping them with necessary supplies.

We reached out to individuals, businesses, and organizations to collect school essentials such as notebooks, pens, pencils, erasers, rulers, backpacks, and other necessary items. The response from the community was overwhelming, with numerous contributions received. From the account being maintained by the Samskruthika Kalavedike-Ashwathapura, a sum of Rs. 49950/- has been invested for the event out of the Rs. 62500/- donation received. On the designated day, the items collected were distributed ensuring that every child received a comprehensive set of supplies to aid their academic pursuits.

Outcome: A total of 350 underprivileged students at Govt. Primary School - Neerkere benefited from this initiative. By receiving the necessary school essentials, these children are now better equipped to actively engage in their education. The provision of basic supplies aims to alleviate financial burdens on their families and create a conducive learning environment. By providing school essentials to underprivileged children, we have taken a step toward empowering them academically and promoting inclusivity in education.
