

QUALITY INDICATOR FRAMEWORK (QIF)

4.1.2. The Institution has adequate facilities for cultural activities, sports, games (indoor, outdoor), gymnasium, yoga etc. (5)

The Institute guarantees that a student's overall development is reached by giving them access to the necessary facilities for recreational activities such as sports, games, yoga, and other cultural.

Alva's Institute of Engineering and Technology considers sports as an integral part of everyone's life and gives utmost priority and encouragement to sports aspirants. The sports and games (indoor & outdoor) facilities of the Institute, along with support from Alva's Education Foundation, are abundantly provided for the students to master their area of sports/games skill.

This assistance includes adequate infrastructural facilities such as 400mtr synthetic track stadium, coaches for concerned sports/games, and national level coaches as advisors/trainers.

The students life skills are improved by the cultural events, which helps them perform better. The students' personalities grow as a result of these activities, which also help them to develop positive career paths.

For cultural activities, the best among the best trainers, experts and connoisseurs in the concerned area are deployed to achieve excellence by students in the same. Institutions give all kind of encouragement to different cultural activities, such as Folk Dance, Classical Dance, Music, Drama, theater event and many more, to enhance the overall development of students.

Students earned prizes in athletic and cultural events at the university, state, and national levels as a result of the aforementioned advantages offered by the institution to them.

The Institute provides students with gym, yoga studios and professional trainers to ensure a healthy mind and body.
