AN ORIENTATION PROGRAM FOR STUDENTS OF MBA ON "QUALITY ASSESSMENT FOR HIGHER EDUCATION"

July 12, 2023 at 10.30 AM

An orientation program for students of MBA on "Quality assessment for higher education" was conducted for MBA students of the department on July 12, 2023 at 10.30 AM in the MBA seminar hall and about 25 students attended the program. Mr. P. R. Bhat, Mr. Bhat is the Principal of Government High School, Mangalore delivered the talk and highlighted the need for imbuing continuous improvement in all walks of life for quality orientation. Quality assessment for higher education is a process of evaluating the performance and effectiveness of higher education institutions, programs, and courses. It aims to ensure that the standards and outcomes of higher education are consistent, comparable, and aligned with the expectations of stakeholders, such as students, employers, academics, and society.

Quality assessment can be conducted at different levels, such as institutional, program, or course level. It can also involve different methods, such as self-evaluation, peer review, accreditation, benchmarking, or ranking. Quality assessment can have different purposes, such as accountability, improvement, recognition, or transparency. Quality assessment for higher education is important for several reasons. First, it helps to maintain and enhance the quality of higher education provision and outcomes. Second, it provides information and feedback to higher education providers and stakeholders on the strengths and weaknesses of their performance and practices. Third, it fosters a culture of quality and excellence in higher education. Fourth, it supports the development and innovation of higher education in response to changing needs and demands.
