## ACKNOWLEDGEMENT

I would like to take this opportunity to express my sincere gratitude to all those who have helped me throughout this Project. It gives me immense pleasure to acknowledge all those who have encouraged and supported for the successful completion of this work.

I would like to express my sincere thanks to Principal **Dr. Peter Fernandes**, AIET, Moodbidri. And I express my deep sense of gratitude to **Mrs. Priya Sequiera**, HOD of PG Department of Business Administration and my Internal Guide **Dr. Catherine Nirmala David**, Professor of MBA Department, for the constant support and encouragement to carry out my report successful without much difficulty. I express my heartfelt thanks for their constant encouragement and support during the entire report.

My profound thanks to **Mr. Sathyanarayan Kamath**, who took interest in explaining concepts and imparting necessary inputs pertaining to the Project work, without which it would not have been possible for me to complete this work. I am also very thankful to other executives and staff of the company for their co-operation.

I express my deepest gratitude to my parents and family members for their active role in my professional development without which my higher studies would have been just a dream.

Finally, I thank my friends for their valuable suggestions offered to me to complete this study successfully.

## **EXECUTIVE SUMMARY**

**Project on “A Study on Receivable Management with reference to Power Point Batteries,Moodbidri”**

The methods and tools used to generate the ratios and correlation coefficient was part of a six-week investigation.

There are five chapters in this report. The introduction and history of Power Point Batteries are covered in the first chapter. The conceptual backdrop and literature review of the subject under study are presented in the second chapter. The third chapter, on research design, includes the problem statement, justification for the investigation, goals, parameters, research approach, and study limits. The examination and interpretation of the data gathered by Power Point Batteries during their visit to the organization through the balance sheet using tables and graphs are covered in the fourth chapter. The study's findings, conclusions, and recommendations are covered in the fifth chapter. After that, there is a bibliography that lists the several websites that were used to gather secondary data and the literature study for the project. The Annexure includes the Balance sheet and Profit and loss account.
