ACKNOWLEDGEMENT

I would like to take this opportunity to express my sincere gratitude to all those who have helped me throughout this Project. It gives me immense pleasure to acknowledge all those who have encouraged and supported for the successful completion of this work.

I would like to express my sincere thanks to Principal Dr. Peter Fernandes, AIET, Moodbidri. And I express my deep sense of gratitude to Mrs. Priya Sequeira HOD of PG Department and my Internal Guide Dr. Catherine Nirmala Dvid, Professor of MBA Department, for the constant support and encouragement to carry out my report successful without much difficulty. I express my heartfelt thanks for their constant encouragement and support during the entire report.

My profound thanks to Mr. Shodhan Hegde, who took interest in explaining concepts and imparting necessary inputs pertaining to the Project work, without which it would not have been possible for me to complete this work. I am also very thankful to other executives and staff of the company for their co-operation.

I express my deepest gratitude to my parents and family members for their active role in my professional development without which my higher studies would have been just a dream.

Finally, I thank my friends for their valuable suggestions offered to me to complete this study successfully.

EXECUTIVE SUMMARY

In academic institutions, we primarily focus on learning theoretical concepts. However, the business environment today is increasingly complex and dynamic. Industries have become highly diversified and specialized, making it essential for us to develop the knowledge and skills specific to our area of expertise. Practical exposure is key, as it provides hands-on experience that complements theoretical understanding.

To bridge this gap, VTU has developed a curriculum that requires MBA students to engage in a 6-week "Project Work" program. This project offers students the opportunity to gain practical insights and apply their learning in real-world business settings. The report I have prepared is a comprehensive study of the company, offering both an understanding of its operations and an analysis of the challenges faced. The report is presented in a clear and structured manner, divided into five chapters to ensure simplicity and clarity.

Project on “A study on Working Capital Management with reference to ND Sons Engineers private limited, Baikampady”.

There are five chapters in this report. The introduction and history of ND Sons Engineers Pvt. Ltd. are covered in the first chapter. The conceptual background and literature review of the subject under study are presented in the second chapter. The third chapter, on research design, includes the problem statement, justification for the investigation, research approach, and study limits. The examination and interpretation of the data gathered in personal interview company's financial statements are covered in the fourth chapter. The study's findings, conclusions, and recommendations are covered in the fifth chapter. After that, there is a bibliography that lists the several websites that were used to gather secondary data and the literature study for the project. The Annexure includes the financial statements.
