## **EXECUTIVE SUMMARY**

The project titled “A Study on Financial Performance Analysis with reference to Switchgear and Control Technics Pvt Ltd, Bangalore” was carried out over a six-week period. The study's main goal is to analyse the company's five-year financial Statements. This report is structured into five chapters. The first chapter provides an introduction and a historical overview of Switchgear and Control Technics Pvt Ltd. The second chapter presents the conceptual framework and a literature review related to the subject of the study. The third chapter outlines the research design, detailing the statement of the problem, the need for the study, objectives, scope, research methodology, and the limitations encountered during the research process. The fourth chapter delves into the analysis and interpretation of the data collected from the company, primarily utilizing balance sheets, tables, and graphical representations for clarity. The fifth and final chapter concludes the study with key findings, conclusions, and suggestions based on the research. The report concludes with a bibliography listing the websites and sources used to gather secondary data and conduct the literature review. The annexure includes the balance sheet and profit and loss account of Switchgear and Control Technics Pvt Ltd.
