TO WHOMSOEVER IT MAY CONCERN

This is to certify **K.R.Vivek**, bearing USN No: **4AL21AI017** from **Alva's Institute of Engineering & Technology, Moodbidri** has successfully completed one-month internship starting from **27-10-2023** to **27-11-2023** under the mentorship of DLithe's development team. **K.R.Vivek** has worked on fundamental coding concepts and data structures using Python. They have also gained knowledge on the fundamentals of artificial intelligence and machine learning, covering topics such as types of learning, data preprocessing, data visualization, classification algorithms, association, clustering algorithms, prediction algorithms, evaluation metrics, use cases, NLP basics, and CNN implementation. To solidify their understanding, students have actively participated in projects that apply machine learning concepts to real-world scenarios.

The domain & agile development process exposure was given along with usage of GitHub tool.

During the internship, **K.R.Vivek** demonstrated good coding skills with good design thoughts.

We wish all the best for future endeavours!
