Sub: Seeking permission to conduct program on OBE(Outcome Based Education) awareness for CSE students under total quality management

As cited in the above subject Department of Computer Science and Engineering is conducting an OBE(Outcome Based Education) awareness for CSE students under total quality management on 13/02/2024.

In this regard I request your kind permission and guidance.

Thanking You.

"Program :Outcome Based Education awareness".

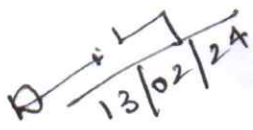

Dated:- 13/02/2024.

An Program "**Outcome Based Education awareness**" was organized by Department of Computer Science and Engineering on 13/02/2024.

HOD of CSE addressed the students about the importance of Outcome Based Education. Outcome based education is student centered instruction that focuses on measuring student performance i.e. outcomes. Outcomes include knowledge skills and attitudes. Outcome based accreditation – focus remains on evaluation of outcomes of the program, though Input and Output parameters are also important. Explained about Why outcome based accreditation, The focus will have to be on understanding fundamentals very well, and learning new skills/competencies that would enable individuals to cope with the demands of the rapidly changing workplace. Prepare global engineers who will have to solve problem and shoulder challenges which are not even known today.

OBE is an educational theory that bases each part of an educational system around goals (outcomes). By the end of the educational experience, each student should have achieved the goal. There is no single specified style of teaching or assessment in OBE; instead, classes, opportunities, and assessments should all help students achieve the specified outcomes. The role of the faculty adapts into instructor, trainer, facilitator, and/or mentor based on the outcomes targeted.
