QUALITY INDICATOR FRAMEWORK (QIF)

1.2.1: Percentage of programs in which Choice Based Credit System (CBCS) / elective course system has been implemented.

Alva's Institute of Engineering and Technology is affiliated to Visvesvaraya Technological University, Belagavi. The Elective course is incorporated by the University in the academic year 2014-15. The CBCS system was introduced in the academic year 2015-16 with a flexibility of offering Professional and Open elective courses. Subsequently, it was revised in the academic year 2017-18 , 2018-19 , 2020-21 and 2022-23 with respect to assessment scheme.

The University notification, announcing the introduction of the CBCS is shown in the table. The University Syllabus prescribed with options, elective, core, non-core etc. is also provided with relevant documents. All the programs, i.e., 10 UG and 01 PG, offered by AIET are under CBCS. Hence the institution claims that 100% of the programs at the institution are under CBCS.

The following table shows the proof of implementation of CBCS in the institute as guided by the University regulations and its subsequent revisions.

PRINCIPAL

QUALITY INDICATOR FRAMEWORK (QIF)

1.2.1 Percentage of programs in which Choice Based Credit System (CBCS)/ elective course system has been implemented (10)

The Elective course incorporated by the university in the academic year 2014-15. The CBCS system was introduced in the academic year 2015-16 with flexibility of offering Professional and open elective courses. Subsequently, it was revised in 2017-18 and 2018-19, 2020-21 AND 2022-23 with respect to assessment scheme.

The following table shows the proof of implementation of CBCS in the institute as guided by university regulation and its subsequent revisions.

Total number of Programmes offered in the Institute	11
Number of programmers in which CBCS/Elective course system implemented in the university.	11
