Report on Industry Visit - IISc. Bangalore & VITM Bangalore

Department of information science and engineering of AIET had organised an one day industry visit to Indian Institute of Science (IISc) and Visvesvaraya Industrial and Technological museum (VITM) Bangalore for final year students on 4th March 2023.

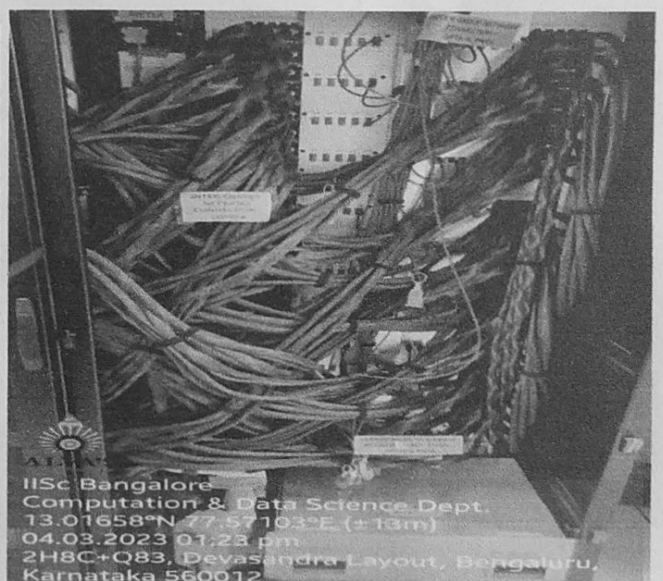

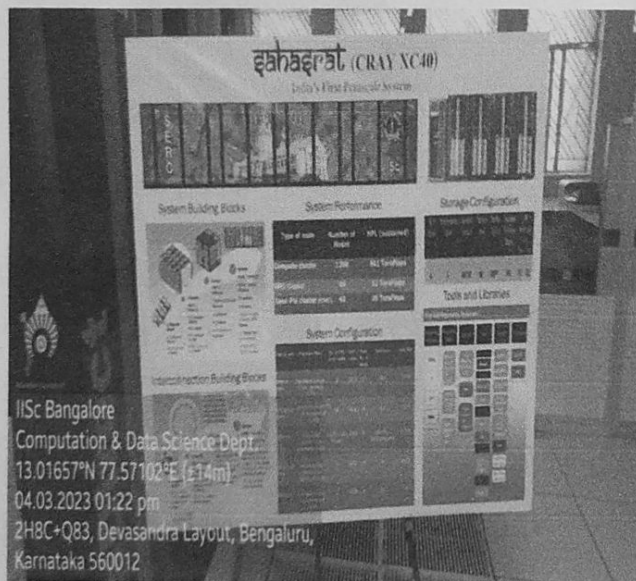

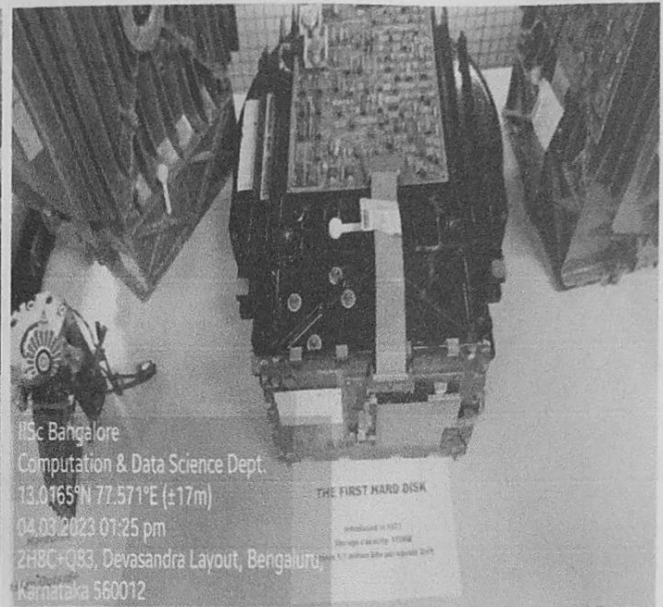

In IISc Bangalore, it was the Open Day-2023, where students can visit various departments of IISc and learn about the projects and research handled by the institute.

Visit to SERC and CDS department of IISc Bangalore

First, we had a visit to the Supercomputer Education and Research Centre (SERC), where starting from punch cards, daisy wheels to working super computer, all models were kept for the display. Students were assigned to give the briefing of such components.

Then we visited Computations and Data Science (CDS) department, where the students of IISc explained their project work on Cloud platform and Algorithms for network communications.

Super computer CRAY XC40, configuration chart and connections using copper and FC cables

Later, students visited VITM Bangalore, which is a museum near Kasturba Road Bangalore. VITM has various working models of science and technology such as gear wheels, experiments of sound, viscosity of liquid, force, aerodynamics, electricity and working of engines etc.

Visit to VITM Bangalore

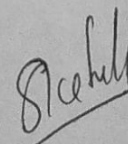

32 students of final year ISE were part of this industrial visit to IISc and VITM Bangalore.

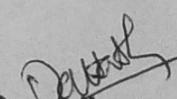

Mr. Sharan L Pais and Ms. Lolakshi P. K. coordinated the entire visit.

OUTCOME:

- Students were able to understand the use of Super computers in real time.
- Got the insights of on-going student and research projects.
- By conducting experiments by themselves, students were able to relate the various facts which they learnt in theory.
