There are 21 institutions functioning under the Alva's Education Foundation.

Alva's Institute of Engineering and Technology, Moodbidri is a Premier Engineering Institute of Alva's Education Foundation, established in the year 2008. The college is certified to the ISO 9001: 2008 standards. The institute offers top quality education in five under graduate programs in Engineering- Computer Science, Civil, Electronics & Communications, Information Science, and Mechanical Engineering- Three Post Graduate programs- Master of Technology in Thermal Power Engineering, Computer Science & Engineering, VLSI Design Embedded System and Master of Business Administration.

DEPARTMENT OF CIVIL ENGINEERING

Civil engineering is a professional engineering discipline that deals with the design, construction, and maintenance of the physical and naturally built environment, including public works such as roads, bridges, canals, dams, airports, sewerage systems, pipelines, structural components of buildings, and railways.

The Bachelor's degree in Civil Engineering in AIET was started in the academic year 2009 – 10 with an intake of 60 students. The department offers a full time B.E degree course in Civil Engineering. Our department organizes seminars, workshops & Industrial visits for the benefit of students and faculty which would bring exposure of the recent trend in civil engineering. Students involve in the consultancy projects obtained through various govt. and non-govt. agencies. The infrastructure available in the department facilitates students to develop their skill and knowledge within the framework of curriculum prescribed by the Visvesvaraya Technological University.

ABOUT VISUAL ARTS COURSE

The visual arts are art forms that create works that are primarily visual in nature, such as ceramics, drawing, painting, sculpture, printmaking, design, crafts, photography, video, film making and architecture. Painting is often called the most important form of visual art. It is about putting colors on a canvas or a wall. Painters **express** their ideas through a **mixture** of colors and different **brush strokes**. Painting is also one of the oldest forms of visual art. In old caves prehistoric people painted hunting scenes onto walls. Paintings became important in **ancient** Egypt, where **tombs of pharaohs** were covered with scenes of everyday Egyptian life. During the Renaissance, painting became very important art. Italy became the center of Renaissance painting. The era produced masters like Michelangelo, Raphael and Titian. Italian **influence spread** to the north of Europe, mostly to Belgium and Holland. The most famous artists of the 17th century famous painters during the **Dutch Golden Age** were, Rembrandt and Vermeer.
