## AJET, MOODBIDRI

**Alva's Education Foundation (AEF)** established in 1995 with the vision of our Chairman **Dr. M. Mohan Alva** has succeeded in making Moodbidri, an Educational hub in the South Canara Region, with more than 25000 students pursuing various courses ranging from primary school to post-graduate courses in social sciences, pure sciences, engineering and management. There are 21 institutions functioning under the Alva's Education Foundation.

Alva's Institute of Engineering and Technology, Moodbidri is a Premier Engineering Institute of Alva's Education Foundation, established in the year 2008. The college is certified to the ISO 9001: 2008 standards. The institute offers top quality education in five under graduate programs in Engineering-Computer Science, Civil, Electronics & Communications, Information Science, and Mechanical Engineering-Three Post Graduate programs- Master of Technology in Thermal Power Engineering, Computer Science & Engineering, VLSI Design Embedded System and Master of Business Administration.

## DEPARTMENT OF MECHANICAL ENGINEERING

Department of Mechanical Engineering was established in the year 2008 with an intake of 60 and has enhanced to 180 from academic year 2012-13. The Post Graduate course, M.Tech in Thermal Power Engineering was introduced from the academic year 2012-13 with an intake of 18 students. Department is recognized as a research centre by VTU. Department is actively involved in Curricular and extracurricular activities in associations with professional bodies. The main objective of the department is to provide academic excellence, knowledge and nurture talent in the area of Mechanical Engineering. The department has started Bio Diesel research testing centre in the campus to explore in the area of Alternative Fuels.

Department vision is to develop Quality Mechanical Engineers to meet the ever growing and ever changing needs of the economy. The Department is committed to provide high quality technical education at under graduate and post graduate level by means of state of art curriculum with best teaching-learning process.

## ABOUT LIMITS, FITS and TOLERANCE COURSE

Appreciate the significance of different types of limits, fits and tolerances in design and manufacturing fields, required for efficient and effective performance of components.

To understand the importance of manufacturing components to specified sizes & Explain the principle of limit gauging and its importance in inspection in industries.

After learning this course students will able to apply these methods to real industry application

## COURSE CONTENT

1. Introduction to limits, fits and tolerance
2. Taylor's principle of gaging
3. Evaluation of limits fits and tolerance
4. Product design
5. General tolerance in FITS

## RESOURCE PERSON

**Mr. Ganesh M R, & Mr. Veerendra K**

Assistant Professor

Department of Mechanical Engineering, AIET  
Moodbidri

## Organizing committee

Mr.Raghavendra P, Mr. Abhiram

Assistant Professor
