## EXECUTIVE SUMMARY

The Internship Report on Karnataka bank Ltd was done to get a comprehensive understanding of the working of full-fledged organization. I have used Mckinsey's 7s Model, Porter's five force model, background study, SWOT Analysis, Financial Analysis, Pestel analysis, to understand the working of the real-time organization. This study helped me to relate the learnings of theory to the practices in industry. It has also given me a focus on the subject I need to specialize in the coming semester.
