EXECUTIVE SUMMARY

Working capital is a day by day need for organizations, as they require a standard measure of money to make routine installments, spread startling expenses, and buy essential materials utilized in the creation of products. Working capital is an effectively justifiable idea, as it is connected to a person's typical cost for basic items and, therefore, can be comprehended in a progressively close to home way. People need to gather the cash that they are owed and keep up a specific sum every day to cover everyday costs, bills and other customary consumptions.

In Shivadarshan Agro Industries, Belthangady. The working capital is managed on the estimate basis. It is taken as the estimate of the working capital for the current period as per the expenditure of the previous year and estimated future expences.

The objective of the project is to analyze the working capital requirement of Shivadarshan Agro Industries, Belthangady

To know the various components of the working capital , Ratio analysis are used in the project.

This project is intended to make the Shivadarshan Agro Industries, Belthangady free from hassle the future regarding its working capital.
