Executive summary

India boasts the world's largest livestock population, with 50 percent of buffaloes and 20 percent of cattle, the majority of which are milk cows and milk buffaloes. The dairy sector in India is regarded as one of the most successful post-independence development programmes.

The DKMU is situated in Khulshekar. This is 8 km away from Mangalore; office dairy is 21km away from Mangalore airport, Bajpe. The union covers the area of 12 acres of land. The government has denoted the land. The union is situated in right place where all provisions are available. The office is situated in the environment which is free from noisedust fume and obnoxious smell.

The Dakshina Kannada and Udupi jurisdictions were covered by the union when it was formed in 1986. The union has two dairies in Mangalore and Manipal with processing capacity of 30000 liters per day. Apart from selling toned /homogenised/standardized/full cream milk, the union also produces and sells ghee, curds, butter milk, peda, lassi, Mysore pak. The average milk procurement and sales per day to this union is 225303 kg per day and 303000 liter per day

This study mainly focuses on comparing the financial performance Limited of by DKMU considering with other its 5 related years companies like Kwaliti Dairy and the Hatsun AgroProduct financial statement from 2016 to 2020.
