QUALITY INDICATOR FRAMEWORK (QIF)

3.2.2 Number of workshops/seminars conducted on Research Methodology, Intellectual Property Rights (IPR) and entrepreneurship during the last five years (5)

The Intellectual Property Rights (IPR) Cell of AIET is aimed at looking at the quality of intellectual property creation by its faculty and students. The cell promotes faculty and students' creativity and invention, which leads to the creation of intellectual property (IP). The cell is meant to assist and supporting students and employees in protecting their unique and creative ideas.

The Institute consistently conducts Seminar/Workshops on Research Methodology, Intellectual Property Rights (IPR) and Entrepreneurship in all the programs. The IPR activities were conducted as per the Standard Operating Procedure (SOP). These Seminars/Workshops create awareness on latest trends in Research Methodology, IPR and Entrepreneurship which enhances the knowledge of the students & faculties for future ventures.

Below table provides a list of events on Research Methodology, IPR and Entrepreneurship and the description of the same for last five years in all the programs of the Institute.

Table 1: Research Methodology, IPR and Entrepreneurship details of last 5 years

Sl. No.	Academic Year	No. of Events Conducted	Report of the Event	Any Additional Information
1	2020-21	13	Document Link	Document Link
2	2019-20	18	Document Link	Document Link
3	2018-19	25	Document Link	Document Link
4	2017-18	24	Document Link	Document Link
5	2016-17	20	Document Link	Document Link
