Event: Visit to Ave Maria Palliative Care (A centre providing compassionate, holistic care to patients suffering from life-limiting and terminal conditions)

Date: 11th March 2019

On 11th March 2019 the MBA students visited Ave Maria Palliative Care Centre in Vamanjoor. It's a 15 bed hospice which is functioning as a unit of Centre for Development, Studies and Education. Dr. Lavina M. Noronha she is the founder director of this Centre. It was started in 2008 and during a decade more of its existence has been a resting abode for 675 terminally ill patients.

Dr Lavina educated them on prevention of cancer, geriatric care, and also informed them of the suicide helpline run by the Centre. Students had carried gifts and snacks for the inmates. They spent the noon singing and cheering the inmates.

Dear Faculty and Students,

Greetings from Ave Maria Palliative Care! This is to gratefully acknowledge your visit to our hospice facility and all the patient care items that were donated by your MBA students.

Indeed it is very encouraging to see students genuinely caring for the less privileged and their commitment to reaching out. Thank you for your support of our humble venture and for affirming our mission of rendering palliative care to those in advanced stages of their terminal illness.

It was heartening to see the students interacting with our patients and bringing a smile on their faces during their visit here. We wish them the very best in their academic endeavours.

Gratefully,

Dr. Lavina M. Noronha
