Respected Sir

**Sub: Requisition to conduct a talk on AIDS Awareness Program**

With reference to the above subject I request you to permit me to conduct a talk on **"AIDS Awareness Program"** by Dr. Vrinda Bedekar, Professor & Dean, ACNYS in order to inculcate knowledge among the students about AIDS facts and myths, on **21<sup>st</sup> of January 2020**. Kindly oblige and do the needful.

Thanking you

HOD

Dr. D V Manjunatha

**Date: 16-01-20**

To,

**Dr. Vrinda Bedekar**  
**Professor & Dean,**  
**ACNYS Moodbidri**

Dear Sir,

**Sub:** Invitation for a talk on “**AIDS Awareness Program**”.

I am pleased to have the honour of inviting you for a talk on “**AIDS Awareness Program**” for our institute extension activity. We have arranged your lecture at our institution on **21<sup>st</sup> of January 2020**. Kindly accept our request as a guest speaker

Thanking You

With warm regards

Principal

## **Report on AIDS Awareness Program**

Evionics Forum of the Department of Electronics and Communication Engineering organized a talk in association with NSS on “AIDS Awareness Program” by Dr. Vrinda Bedekar, Professor & Dean, ACNYS on the 21<sup>st</sup> of January, 2020 at Engineering Seminar Hall at 11:00 a.m for the students of the ECE Department. The main intension of organizing this talk was to help the students get awareness about the myths and truths of AIDS.

Dr. Vrinda started the talk by defining AIDS; AIDS or acquired immunodeficiency syndrome is a life-threatening disease that one can contract via contact with blood or via sexual activity. It refers to when HIV or human immunodeficiency virus makes its way into a person's body. HIV/AIDS affects the immune system so that the bodies of those affected with AIDS find difficulty in fighting minor illnesses.

**Inaugural Event of AIDS Awareness Program**

## **Glimpse of AIDS Awareness Program**

Once she made the students understand what exactly AIDS was, she moved to explain how it affects the immune system. The immune system is the bodily system that defends or protects the body from infections, illnesses, and other such problems. It builds antibodies within our bodies against diseases that we have suffered from before, so it can protect us from sickness again. In simple terms, the immune system is the part of your body that fights off infections and keeps you safe and healthy. With this being said, you should now understand better why somebody with a weak immune system is more prone to illnesses.

## QA Session AIDS Awareness Program

She concluded the session by quoting how the treatments which are there in global. Also she gave insight of HIV Vaccination day.

## **Alva's Institute of Engineering & Technology**

Shobhavana Campus, Mijar, Moodbidri, D.K - 574225

Phone: 08258-262725, Fax: 08258-262726

### **Event outcome:**

- **Students were got the insight of personal health and hygiene in their daily life.**
- **Students were enlighten about myths and facts about AIDS**
- **Students knowledge of HIV/AIDS Improved**
- **Students volunteers gained real world experience with skills including team work, leadership, public Speaking and so on**
