TOPIC
**Awareness on
CANCER**

SPEAKER
Dr. Harish. E
Consultant - Surgical Oncology

DATE
12th March, 2021

TIME
03:00 PM - 05:00 PM

VENUE
MBA Seminar Hall

A portrait of Dr. Harish E, a man with a beard and glasses wearing a white lab coat, is on the right. The lab coat has a 'Manipal Hospitals' logo.

The essence of Dr Harish's speech, "The incidence of cancer is increasing all over the world and also in India. This is mainly because of change in lifestyle, increased detection due to increase in healthcare facility and increase in life expectancy. Even though the reason for this Increased cancer incidence is largely unknown the

main modifiable risk factors like increase in alcohol intake, increase in cigarette smoking, sedentary lifestyle, increased obesity can largely be avoided. Other non-modifiable risk factors like genetic mutations familial Syndromes and hormonal variations can be monitored closely.

Cancer Awareness Program by Dr. Harish

Early detection is a key for the cure of cancer. Early consultation to healthcare professionals whenever alarming symptoms are noticed makes easy to detect cancer early. Health awareness program like this can help to detect cancer in early-stage and can prevent mortality because of cancer. Cancer is not only curable but also preventable. Prevention is always better than cure.

Cancer Awareness Program by Dr. Harish

Dr. Harish concluded the talk by emphasizing on adopting a healthy lifestyle like eating healthy food, more green leafy vegetables and fruits, avoiding alcohol, cigarettes, regular exercise at least 30 minutes a day, avoiding junk foods, maintaining proper weight so as to avoid obesity are few steps towards prevention of cancer. A total of 158 students of business administration have attended the cancer awareness program.
