

# Student Exchange Agreement

between

Faculty of Engineering, Graduate School of Science and Technology, and Faculty of Advanced Science and Technology, Kumamoto University

and

Alva's Institute of Engineering & Technology

Following the signing of a Basic Agreement on Academic Exchange Program between Faculty of Engineering, Graduate School of Science and Technology, and Faculty of Advanced Science and Technology, Kumamoto University, Japan, and Alva's Institute of Engineering & Technology, India, both parties conclude an Agreement on Student Exchange.

## 1. Duration of Stay

Duration of stay for students of both parties shall not exceed one academic year, and will normally start in February or August for the University of Alva's Institute of Engineering & Technology and in April or October for Kumamoto University.

## 2. Number of Exchange Students

Each party will normally accept up to a maximum of 2 students under this Agreement yearly. This number can be modified, if necessary, based on the discussion between both the parties.

## 3. Selection of Exchange Students

The home university will normally recommend most suitable students to the host university based on language ability and academic excellence.

## 4. Enrollment of Exchange Students

- (a) Students of Kumamoto University will register as Alva's Institute of Engineering & Technology exchange students and can attend lectures, seminars, and tutorials. Graduate students can also attend research projects.
- (b) Students of Alva's Institute of Engineering & Technology will register as Kumamoto University exchange students and can attend lectures, seminars, and tutorials. Graduate students can also attend research projects.
- (c) Participating students will be subjected to the regulations of the host university.

## 5. Study Program and Evaluation

Each student will determine their study program at the host university in consultation

Agreement on Academic Exchange  
between  
Faculty of Engineering, Graduate School of Science and  
Technology, and Faculty of Advanced Science and Technology,  
Kumamoto University  
and  
Alva's Institute of Engineering & Technology

Faculty of Engineering, Graduate School of Science and Technology, and Faculty of Advanced Science and Technology, Kumamoto University, Japan, and Alva's Institute of Engineering & Technology, India, are signing this Agreement in order to promote friendship and academic exchanges.

- 1) Both parties agree to an academic exchange in various areas of education and research.
- 2) Both parties will make an effort to exchange professors, researchers, administrative and professional personnel and students, and also exchange research materials and publications.
- 3) Both parties will make an effort to promote the exchange but will respect the independence of opinion to their mutual benefits. Specific details on the implementation of particular exchanges noted above and results from the agreement shall be negotiated between the two institutions subject to approval by each institution.
- 4) . This Agreement will remain effective for five years from the date of signing. It may be renewed by mutual consent, if proposed by either party.
- 5) This Agreement may be amended or terminated by mutual consent, if proposed by either party, by giving at least six months notice in writing to the other party.
- 6) This Agreement is written in English and signed in duplicate by both parties. It may be translated into other languages for reference purposes.

with academic advisers of both host and home universities. Academic performance shall be evaluated according to the rules of the host university.

6. Academic Record and Accreditation

Each student will submit to the home university the academic record obtained at the host university and it will be accredited according to the rules of the home university.

7. Tuition

Each student shall be exempted from the payment of any entrance examination fees, admission fees and tuition fees of the host university.

8. Accommodation

The host university will assist students in finding accommodation at a reasonable cost.

9. Financial Responsibility

Exchange students will be responsible for their own expenses, including travel expenses, accommodation costs and health care fees.

10. Duration

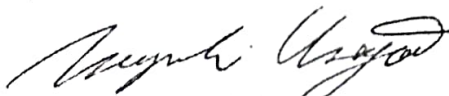

This Agreement is effective from the date of signing, and remains effective until the expiration of the Agreement on Academic Exchange.

11. Amendment/Termination

This Agreement may be amended or terminated by mutual consent, if proposed by either party, by giving at least six months notice in writing to the other party.

12. This Agreement is written in English and signed in duplicate by both parties. It may be translated into other languages for reference purposes.

**ONE DAY NATIONAL WORKSHOP  
ON  
ONE DAY WORKSHOP ON ADVANCES IN WELDING PRACTICES**

Fig: Inaguration by Dr. K Hokamoto, Professor, Kumamoto University

Department of Mechanical Engineering, AIET– Mijar in association with Institute of Pulsed Power Science (IPPS), Kumamoto University, Japan organized a One day workshop on Advances in Welding Practices for engineering students, researchers, academicians and industrialists. The inauguration of the workshop was held at AIET-Mijar on 22<sup>nd</sup> March, 2018. Dr. Kazuyuki Hokamoto, Professor,

Institute of Pulsed Power Science (IPPS) and Department of Mechanical system Engineering, Kumamoto University, Japan was the chief guest.

In his inaugural address, Dr. Hokamoto expressed MOU should not be only in papers , it should be exchange of knowledge, sharing the ideas between both institutes.

Dr. K. Raghukandan, Professor, Department of Manufacturing Engineering, Annamalai University, Tamilnadu was the guest of honour.

Presiding over the programme, Principal, AIET- Mijar, Dr. Peter Fernandes congratulated the mechanical department for taking initiative of organizing workshop on Advances in welding practices.

Pramod V. B. compered the programme. Convener and head of department Dr. Harishanand K. S. welcomed the resource persons, delegates and gathering, Coordinator Dr. Satyanarayan proposed a vote of thanks. Prof. Suresh K V and other faculties of different departments were present at the inaugural ceremony.

**ABOUT THE INSTITUTE**

Alva's Institute of Engineering and Technology (AIET) is a premier Engineering Institute of Alva's Education Foundation established in the year 2008. Approved by All India Council for Technical Education, New Delhi and affiliated to Visvesvaraya Technological University, Belgaum, Karnataka. AIET is located adjacent to Moodbidri-Mangalore National road which is 24 Kms from Mangalore International airport. It has a lush green surrounding as part of the Alva's Shobhavana campus which has more than two thousand variety of herbal plants. International and National Conferences are held on regular basis on different themes. More than 50 Guest facilities are conducted every year spanning from current topics in each field to specialized topics from experts. E-learning enabled through LDU/SAT training programme in association with ISEO. AIET has signed MOU's with Karnataka University, Japan and European Universities. Live projects and internships in every semester help students to bridge the industry-academia gap. In short, AIET is synonymous with discipline, practicality, quality and fulfillment.

**COURSES OFFERED**

- Mechanical Engineering
- Civil Engineering
- Computer Science & Engineering
- Electronics & Communication Engineering
- Information Science & Engineering
- Master of Business Administration
- M.Tech in Thermal Power Engineering
- Computer Science & Engineering
- AI/SL Design & Embedded system

**ALVA'S EDUCATION FOUNDATION MOODBIDRI**

**One Day Workshop on Advances in Welding Practices**

**22<sup>nd</sup> March 2018**

**Organized by**  
Department of Mechanical Engineering  
Alva's Institute of Engineering & Technology, India

Website: [www.aict.org.in](http://www.aict.org.in)  
**IN ASSOCIATION WITH**  
Institute of Pulsed Power Science (IPPS)  
Kumamoto University, Japan

**ABOUT THE DEPARTMENT**

Department of Mechanical Engineering was established in the year 2009 in intake of 60 and has authorized 180 seats academic year 2014-15. The Post Graduate course, M.Tech in Thermal Power Engineering was introduced from the academic year 2012-13 with an intake of 12 students. Department is recognized as a research center in AICTE. Department is actively involved in a seminar and entrepreneurship activities in association with professional bodies. The main objective of the department is to provide academic excellence, technology and service to the industry in Mechanical Engineering. The department has started the Direct research training scheme in this campus to employ in the area of Alternative Fuels.

Department vision is to develop Quality Mechanical Engineers to meet the ever growing and ever changing needs of the economy. To attain rank in engineering students with best knowledge and latest skills in various computerized tools in the current student. The Department is committed to provide high quality academic education at undergraduate and post graduate level by making use of all available state-of-the-art teaching learning process. Dedicated continuously to develop the student personality in the industry through computerized software and hardware and extracurricular activities.

**ABOUT WORKSHOP**

The objective of the workshop is to introduce the participants to the emerging trends in the area of Welding.

**Highlights:**

- To expose faculty, students and students to the recent developments in the area of welding.
- Medicine: Exposure to various computerized welding.
- Discussion on Undergraduate and postgraduate Mechanical and industrial engineering students of Indian and foreign universities.
- Exposure and personal mental stimulation by visiting of workshop and exposure to a computer.
- Exposure to welding.

**RESOURCE PERSONS**

**Dr. Kazuyuki Hokamoto**  
Professor  
Institute of Pulsed Power Science and Dept. of Mechanical System Engg.  
Kumamoto University, Japan

**Dr. K. Raghukandan**  
Professor  
Dept. of Manufacturing Engg., Anna Mariai Tamilnadu

**ELIGIBILITY FOR PARTICIPATION**

Program is open to all students, research scholars, industrialists and teaching faculty from technical, science institutes in the Department of Mechanical/Production/Manufacturing/Material Science and related disciplines.

**REGISTRATION FEE**

Rs. 750/- for students, Rs. 600/- for research scholars. Faculty from academic institutions and industries Demand Draft should be drawn in favor of The Principal, AIET, Moodbidri, payable at Moodbidri, Mangalore.

**ACCOMMODATION**

Limited accommodation can be provided to outstation participants on shared basis in the hotel on prior request. There is nominal charge for boarding and lodging.

**HOW TO REGISTER**

Registration form is available from the brochure or can be downloaded from the College website. The completed form should be sent to the following address. Also scanned copy of the form and DD may be forwarded to the mail ID given below.
