Subject: Internship Letter

Dear Mayuresh,

It's our pleasure to extend you an invitation to join the AutoSum family thru this internship appointment letter. AutoSum's objective is to create software platforms that do not exist today!

AutoSum is a registered start-up under Government of India's StartUpIndia program. AutoSum has been ranked amongst the Top-25 Start-ups @ eBay Griffin Worx StartUp Cup program. It has been selected to the Boston head quartered StartUp Leadership Program's (SLP) Mumbai cohort. It has also been awarded the STAR Beginner 2020 award by SoftwareSuggest.

We are building a customer-focussed, friendly, and ethical place to work, where "attitude" and "outcomes" matter more than "pedigree" and "efforts".

Your role will be of a SaaS Application Developer intern. The internship is a 3 months full-time internship, starting 1st Nov. You will be eligible for a stipend of Rs 8,000 per month plus Rs 500 as reimbursements.

As a core member of the team you will get an opportunity to learn and contribute towards development of our software platforms and learn valuable professional skills at an early stage of your career.

The details of the offer letter are:

1. Annexure-A: Roles & Responsibilities
2. Annexure-B: The AutoSum way
3. Annexure-C: Getting to know you better
4. Annexure-D: Employment Terms

Due to the current Covid19 scenario, your job location will be Mangalore for now.

Please confirm your acceptance by signing the letter and annexures.

This is a start of something exciting Mayuresh .. Welcome aboard!

Best Regards,

Makrand Jadhav

To whomsoever this may concern

This is to certify that Mayuresh Kunder completed an internship with us for two months i.e. from 1st Nov – 31st Dec 2020.

Mayuresh has been a very professional and productive intern. He has good approach towards software development and has strong technical skills in Node JS. He has sound communication skills, bias towards action, and collaborates well with others to meet deadlines/objectives. During his tenure he contributed significantly in development of key modules/functionality.

We wish him good luck in his future endeavours.
