NPTEL Local guru Access

The screenshot shows the NPTEL LocalGuru website interface. The header includes the 'LocalGuru' logo and the institution name 'ALVA'S INSTITUTE OF ENGINEERING & TECHNOLOGY'. The navigation bar contains links for 'Home', 'Webcam (AI/IT/EE)', 'Exam', 'Change Password', 'NPTEL Web Courses (Test Alerts)', and 'Logout'. The main content area displays the course 'Computer Science and Engineering - Artificial Intelligence'. On the left, there is a sidebar with a search bar and a list of subjects under 'NPTEL' and 'Electronics & Communication Engineering'. The central part of the page shows a list of 10 topics for the course, including 'Introduction to Artificial Intelligence', 'Problem Solving in Search', 'Searching with Heuristics', 'Informed State Space Search', 'Heuristic Search: A* and Beyond', 'Problem Reduction: Search, AND/OR Graphs', 'Searching Game Trees', 'Knowledge-Based Systems: Logic and Deduction', 'Neural Networks', and 'Inference in First Order Logic'. On the right, there is a large graphic with the text 'Centre for Educational Technology I.I.T. KHARAGPUR'. Below the topic list, there is a section for 'Title', 'Department', and 'Author'.

This screenshot is similar to the one above, showing the same NPTEL LocalGuru website interface. However, the video player on the right side of the page is now active, displaying a video of a person speaking. The video player includes a progress bar and a 'Download the Video' button. The rest of the page layout, including the header, navigation bar, and sidebar, remains the same.
