Environmental conservation is the biggest challenge that we are facing today. Since it is too late to realize that, it's time to join our hands to keep our future safe. 6 Kar AIR SQN NCC, Mangalore

We started from vidyagiri, we went to each and every house and we gave some awareness about the environment conservation, the consequences of environment pollution, ill effects of deforestation and benefits of afforestation. Mother earth would not have any global warming if we plant trees instead of cutting them. We told them to use the Public transport instead of using their own vehicle, In some houses we saw the plastics bags and we told them to not to throw and burn the plastics, they should be put in the dry waste and disposed so that the soil in that area would be safe, we also told the consequences of deforestation by giving the example of Kerala flood and Madikeri landslides. We also told them that we don't like that to happen here so please join hands to conserve nature which conserves the environment and we all together can live happily for long years ahead.

He motivated all of us by giving many live examples about the situations. He shared his experience in the Indian Army. He also told us that Indian Army makes everyone proud who is from it. He also told what are the exams need to be taken like CDS, SSC etc. He even mentioned about the SSC (Short Service Commission) for NCC special entry scheme. He then told us about the benefits as a soldier and as an officer. He told that Indian Army does not only gives you guns and tells you to go to the border but it gives you opportunity to serve as how you wanted to serve the nation. He also mentioned that in other jobs there is not much salary given to you for your educational qualification but the Indian Army gives you enough salary and it even looks after your family with medical expenses, makes your children study and gives lot more things to you. He then showed us the death rates of road accidents and deaths of soldier in the Army, the death rates of road accidents were huge in number whereas the deaths of soldiers in the Army were very few. So if we have to die in road accident as nothing or die as a soldier as everything you decide was a beautiful quote made by him. Then the program was ended with answering to the questions asked by the cadets.
