

Date: 10th Jun 2019

From,

Ms. Shruthi Shetty
Assistant Professor
Dept. of CSE
A.I.E.T, Mijar

Through,

The H.O.D.
Dept. of CSE
A.I.E.T, Mijar

To,

The Principal
A.I.E.T, Mijar

Respected Sir,

SUBJECT: - Requisition to attend a workshop

As per the above subject, I seek your permission to attend a 5 days workshop on "Deep Learning for Big Data and Cyber Security Applications" in NITK, Surathkal from 1st to 5th July 2019.
Kindly do the needful.

Thanking you,

Yours Sincerely,

(Shruthi Shetty J)

H.O.D.
Dept. Of Computer Science & Engineering
Alva's Institute of Engg. & Technology
Mijar, MOODBIDRI - 574 225

Principal
Alva's Institute of Engg. & Technology,
Mijar, MOODBIDRI - 574 225, D.K

Application for Permission to Attend

Conferences/Seminars/Workshops/FDP and Paper Presentation

1. Name of the staff : Shruthi Shetty J
 2. Designation and department : Assistant Professor / Comp Science & Engg
 3. Name of the conference/seminar/FDP : "Deep learning for Big data and Cyber Security Applications".
 4. Type of conference(national/state level) : Workshop.
 5. Place of conference : NITK, Surathkal.
 6. Date of conference : July 01st 2019 to July 05th 2019
 7. Title of the paper submitted : —
 8. Mention the items enclosed : —
 - a. copy of the brochure (Yes / No)
 - b. copy of invitation letter (Yes / No)
 - c. acceptance letter (Yes / No)
 9. Rough estimate of expenditure (total) :
 - a. Registration fees : 1770/-
 - b. Bus/train/air fare : —
 10. Details of previous workshop attended : No
Not attended any conference in the year 2018 & 2019.
Sneha 10/6/19
- Date: 10/06/2019

Signature of the applicant

Recommendation of the HOD

Maya Pen
HOD
Dept. Of Computer Science & Engineering
Alva's Institute of Engg. & Technology
Mijar, MOODBIDRI - 574 225

Signature of the Principal
PRINCIPAL

Alva's Institute of Engg. & Technology,
Mijar, MOODBIDRI - 574 225, D.K

REGISTRATION FORM

5 Day TEQIP Sponsored Workshop
on
"Deep Learning for Big Data and Cyber
Security Applications"
(July 01st, 2019 to July 05th, 2019)

Name of Participant: SHRUTHI SHETTY J
Dept: COMPUTER SCIENCE AND ENGG
Gender: Female
Designation: Assistant Professor
Qualification: BE, MTech (CSE)
Organization: Alva's Institute of Engg
and Technology, Moodbidri
Mobile No. 9964852899
Email: shruthishettyj@gmail.com
Demand Draft No. _____

I agree to abide by the rules and the regulations governing the Workshop.

Place: Moodbidri Shruthi Shetty J
Date: 01/06/2019 Signature of the Participant

Mr./Ms./Dr./ SHRUTHI SHETTY J is
a student/employee of our Institution and is permitted
to attend the programme.

H. G. D.
Signature of the Head of Institution
Dept. of Computer Science & Engineering
Alva's Institute of Engg. & Technology
Moodbidri, MOODBIDRI - 574 225
Place: Moodbidri
Date: 01/06/2019

Accommodation: Limited number of room in NITK Guesthouses and Hostels available on First Come First Served basis. Cost of boarding and lodging shall be borne by the applicant. Please note that no TA/DA shall be paid for this event by NITK. Course participants may have to deposit complete amount expected for their stay with Guest House/Hostel on arrival.

Venue: Dept. of Information Technology
NITK Surathkal
Mangalore- 575025.

Address for Communication

Dr. Bhawana Rudra
Dr. Anand Kumar M
Department of Information Technology
National Institute of Technology, Karnataka
Surathkal, Mangalore - 575 025

E-mail: dbcsa.it.nitk@gmail.com

Contact. Ph. 0824 - 247 3560, 0824 - 2473118

Course Contents

- Cyber Security Practice in Banking Sector.
- Role of Block Chain in Cyber Security Applications.
- Big Data and Cyber Security.
- Role of Recommender system in Cyber Security.
- Cyber Security in Industry 4.0.
- Data collection methods for Cyber Security.
- Machine Learning and Deep Learning for Cyber Security Applications.

5 Day TEQIP Sponsored Workshop
on
"Deep Learning for Big Data and
Cyber Security Applications"

(July 01st, 2019 to July 05th, 2019)

Coordinators

Dr. Bhawana Rudra
Dr. Anand Kumar M
Prof. G. Ram Mohana Reddy
Dept. of Information Technology, NITK

Organized By

Department of Information Technology
National Institute of Technology, Karnataka
Surathkal, Mangalore - 575 025

About NITK Surathkal

NITK Surathkal is a premier institution engaged in imparting quality technological education and a broad range of research, development and consultancy activities. NITK has carved a niche for itself among the best technical institutes in India and is consistently ranked among the top 10 technological institutes.

Department of Information Technology

Department of Information Technology was established in June 2000, The department offers undergraduate course B.Tech. in Information Technology, Post Graduate course M.Tech. in Information Technology, M.Tech. by (Research) and Doctoral Program (Ph.D) Current research activities of the department include Data Mining, Web services, Distributed Computing, Semantic Web Technology, Natural language Processing, Software Aging, Virtualization, Soft Computing, Wireless Sensor Networks, Computer Networks, Network and Cyber Security, Information Security, Internet of Things (IoT), Affective Computing, Big Data Analytics, Cloud/Edge/Fog Computing, Cloud Security, Databases, Healthcare Informatics, High Performance Computing, Information Retrieval, Social Multimedia/Social Network Analysis, Software Engineering, Blockchain Technologies, Future Internet Architecture, Mobile Software Engineering, Deep Learning Applications.

How to Reach NITK Surathkal

NITK is located in Surathkal on the scenic shores of the Arabian Sea, about 20KM north of the city of Mangalore and is well connected by Air, Rail and Road. The nearest domestic/international airport is situated at Bajpe (about 10KM from Mangalore) and the nearest railway station is Surathkal (3 KM). The NITK Campus is situated right on National Highway NH66 with very good bus connectivity from Mangalore, Udupi etc.

About the Program

Big Data has become important as many organizations have been collecting massive amounts of domain-specific data, which can contain useful information about problems such as national intelligence, Cyber Security, and fraud detection. Cyber attacks are continuing to increase at an alarming rate, especially with the ever-increasing nature of cyber connectivity. Hackers target a wide variety of protocols and communication systems along with data ranging from servers and end-user machines to wireless and mobile networks. Security measurements are to be considered based on history. The logs can be used to analyze the threats. Modern Cyber Security solutions are mostly driven by Big Data and tools using deep learning frameworks to process big data quickly and accordingly spot suspicious activity very effectively and efficiently.

The absence of active cyber defense and technically sound forensic methods may prevent administrators from making suitable decisions on time against threats like proving the identity of the guilty party, identifying the root vulnerability to prevent the future occurrence of a similar incident, and understanding the hackers' intention to attack.

Cyber Security along with Big Data Analytics is emerging as an important discipline of Computer Science and Information Technology towards developing a novel scientific approaches for collecting, processing, and analyzing the information retrieved from the systems affected by security incidents to generate conclusive descriptions.

Objective of the Program

This 5-Day workshop will cover the usage of Deep learning methods to analyze

1. The Cyber Security applications in Big Data.,
2. Security aspects in Banking Sector
3. Block Chain in Cyber Security.
4. Recommender System in SAAS based Authenticator

Hands-on experience on configuring and troubleshooting various attacks and resolve common issues which helps in preparing software engineers of today for securing the Cyberspace. This program will also deliver the knowledge and skills required for configuring and analyzing the attacks by hacker.

Course Deliverables: Upon completion, the successful participants will be able to detect and analyze security vulnerabilities in applications/software.

Resource Persons

Experts from Industry, Academia, R&D Organizations will deliver expert talks to make participants aware of various topics related to Cyber Security and Machine Learning, Banking Security Issues, Recommender System, Cyber Security in Industry 4.0, Block Chain Security and Research Challenges.

Eligibility

The programme is open to Faculty and Students (B.Tech, M.Tech and Ph.D) of AICTE/UGC approved Engineering and Technology Colleges. Number of participants will be limited to 40. Completed applications should reach the Coordinators on or before 18th June 2019.

Registration Fee (Inclusive GST)

Amount	GST	Participants
1000	+18%	Students/ Research Scholars
1500	+18%	Faculty Members
3000	+18%	Industry Persons

Demand Draft should be drawn in favor of "Director NITK Surathkal"

E-mail the scanned copies of the filled and duly signed application form along with DD to dbcsa.it.nitk@gmail.com "

Important Dates

Last Date for Receipt of Applications:

18th June 2019

Intimation of Selection by email:

23rd June 2019

Department of Information Technology
