NATIONAL FACULTY DEVELOPMENT PROGRAMME IN ENTREPRENEURSHIP

Rationale

To capitalise India's great potential that is of young population we need more and more avenues to make them employed. These avenues will be generated by new entrepreneurs. The entrepreneurship needs to be imbibed to the young mind as a life style rather than giving it as a crash course or short term training. For this purpose the faculty members from our UG/PG colleges needs to be trained to inculcate the entrepreneurial way of life in their teaching.

Sculpting its mandate around the mission of nationwide promotion of entrepreneurship, EDII aids the efforts by training faculty members to impart learning in entrepreneurship as well as counsel youths to adopt this discipline as a career.

Entrepreneurship Development Institute of India (EDII), Ahmedabad, backed by over 30 years of experience in the field, has designed the Faculty Development Programme in Entrepreneurship (FDP) module to develop a cadre of trained faculty members involved in teaching entrepreneurship. This has been implemented successfully across the country and abroad. The Institute has been receiving enthusiastic response for this programme from the academic community. EDII announces the next Faculty Development Programme in Entrepreneurship during **July 17 - 28, 2017**.

Objective

The programme is designed to train and develop professionals in the area of Entrepreneurship Development so that they can act as 'Resource Persons' in guiding and motivating young students, particularly from science & technology stream, to take up Entrepreneurship as their career. The specific objectives are to:

- Expose the participating members to the comprehensive entrepreneurship development process.
- Equip them with the requisite skills, knowledge and competencies for effective initiation of goal oriented activities in their institutions.
- Familiarize the support available for promoting entrepreneurial activities in their institution.

Content

The content of the programme is broadly classified as follows:

- Entrepreneurship Development Process & Model: Concept, Process, EDP model and Strategies
- Skills and Behavioural Training: Entrepreneurial motivation and competencies, counselling, confidence building
- Resource Building: Procedures and formalities in setting up new enterprises, incentives and benefits for entrepreneurs
- Knowledge-based Information Inputs: Curriculum development, procedures involved in initiating, planning, implementing and evaluating EDP curriculum
- Business Opportunity Identification
- Business Profile Preparation, Business Plan Formulation, Assessing the Viability of a Business Plan
- Small Business Management

Pedagogical Tools and Methodology

Inputs will be imparted through:

- Lecture-cum-discussion, case studies, role plays and simulation exercises
- Interaction with experts in entrepreneurship development, curriculum development, opportunity guidance and with successful entrepreneurs for practical insights
- Study visits to institutions and small enterprises
- Group work and practice sessions

Target Group

The programme is open to teachers and faculty members from universities, science and engineering colleges, polytechnics and entrepreneurship development institutions involved or likely to be involved in Entrepreneurship related activities.

Benefits to Sponsoring Institutions

- With the trained faculty, institutions can start their own Innovation and Entrepreneurship Development Cells.
- Provide mentoring support to the Students take up entrepreneurial career by setting up of enterprises
- Apply for funding support from different government department for entrepreneurship development activities.
- Teach entrepreneurship related subjects in the institution
- Provide support to existing entrepreneurs.

Duration

Duration: 12 days (17th - 28th July 2017).

About Entrepreneurship Development Institute of India (EDII):

Entrepreneurship Development Institute of India (EDII) is a National level apex institute involved in training, research and education in entrepreneurship since 1983. With a firm belief that “Entrepreneurs need not be born but can be developed” EDII has been the spearhead of entrepreneurship development since the last 30 plus years. EDII started the concept of Rural Entrepreneurship Development and Micro Entrepreneurship Development in India 30 years back, and these initiatives contributed in a great way to the country’s development, promoting lakhs and thousands of micro / rural entrepreneurs. The National Science & Technology Entrepreneurship Development Board (NSTEDB), Dept. of Science & Technology, Govt. of India has appointed Entrepreneurship Development Institute of India (EDI) as its National Implementing & Monitoring Agency (NIMAT) for the entrepreneurship development programs. EDII as NIMAT will coordinate and monitor different programmes for promoting entrepreneurship amongst Science & Technology target group through HRD and Entrepreneurship Development Strategy, at the national level. It will also work as a vital link between the NSTEDB and EDCs, STEP, State ED organizations, NGOs and other implementing agencies for conducting the above said

About Alva Education Foundation
