## **Administrative Training Brief Report**

Alva's Institute of Engineering and Technology conducted a **5 days** Administrative Training on “IMPARTUS Video Platform for Lecture capture” for **for all Teaching and Non-teaching participants from various departments**, in Association with **Impartus** on 20<sup>th</sup> to 24<sup>th</sup> Jan 2016. The programme was inaugurated by Sri Vivek Alva, Managing Trustee, AEF. The Principal Dr. Peter Fernandes, AIET, Prof. Praveen J, all HOD's of various Departments and all teaching and non-teaching staff members were present during the inauguration function along with the training expert **from Impartus**.

## Orientation Programme Objectives

- Provide a complete video platform for better learning across geographies We offer turnkey
- Lecture capture solution which enables automatic audio video recording and distribution of classroom lectures

## Solutions for the Problems

### 1. Lecture Capture

Impartus provides innovative video-enabled learning solutions that drive better outcomes for the higher education sector. The Impartus product suite offers easy, seamless integration to help educators extend learning experiences outside of the classroom and provide relevant content to a diverse body of students around the world.

### 2. Virtual Classrooms

Through the use of Virtual Classroom, the institutes tend to enrich their existing programs. Not just it saves time and money, it provides a perfect platform to extend the classroom for online students attending from a remote location. Using video conferencing solution, the professor can live-stream his/her video and presentation and interact in real time with

students through live interactions and chat.

### 3. Flipped Classrooms

The flipped classroom describes a reversal of traditional teaching where students get access to the lecture video and course material before the class. Impartus enables professors to record, edit, host, and publish course content using its platform. Content may include recorded lectures, existing videos, Word documents, presentations, and other related materials. Professors can notify students of this new content via platform communications tools such as text, email, alerts, etc.

#### **4. Lecture Video Library**

Impartus provides a complete video capturing, VCMS and video delivery solution for the colleges to set up their online digital library.

#### **5. Value Added Features**

- Categorization of videos
- Go-live date selection
- Select local storage
- Download Recorded lectures
