Virtual Lab Awareness Workshop

Department of Computer Science & Engineering organized a 2 days Workshop on “Virtual Lab Awareness” an Initiative of MHRD, Govt. of India on 8th & 9th Jan, 2020. The research scholars of NITK, Surathkal Ms. Swathi Shetty, Ms. Shresta, Ms. Anusha and Mr. Rohith Kushwaha were the resource persons of the Workshop. All the CSE faculty members were actively participated in this workshop and interacted with resource persons about usage of various virtual labs developed by IITs and NITs.

Objectives of Virtual Labs

- To provide remote-access to Labs in various disciplines of Science and Engineering. These Virtual Labs would cater to students at the undergraduate level, post graduate level as well as to research scholars.
- To enthuse students to conduct experiments by arousing their curiosity. This would help them in learning basic and advanced concepts through remote experimentation.
- To provide a complete Learning Management System around the Virtual Labs where the students can avail the various tools for learning, including

additional web-resources, video-lectures, animated demonstrations and self evaluation.

- To share costly equipment and resources, which are otherwise available to limited number of users due to constraints on time and geographical distances.

The faculty members of CSE were trained with usage of currently available Virtual labs in the field of Computer Science & Engineering stream such as.

- Soft Computing Tools in Engineering Lab
- Problem Solving Lab
- Artificial Neural Networks Lab
- Pattern Recognition Lab
- Computer Architecture & Organization Lab
- Software Engineering Lab
- Data Structures Lab
- Computer Programming Lab
- Speech Signal Processing Lab
- Computer Graphics Lab
- Image Processing Lab
- Computational Linguistics Lab
- Natural Language Processing Lab
- Wireless Sensor Network Remote Triggered Lab
- Cryptography Lab

About 22 faculty members of CSE were attended this workshop.
