Welcome to iCATccT 2018 Website!

In our day to day life computers and communication technologies are playing a major role. The user's requirements in the field of computers and communication technologies are very demanding. These requirements lead to numerous developmental and research activities both in the applied and theoretical computing and communication technologies.

The objectives of 4th International Conference on Applied and Theoretical Computing and Communication Technology (iCATccT - 2018) are:

Paper Submission Ends	1 May 2018
Acceptance Notification	6 July 2018
Final Paper Submission Due	16 August 2018
Conference	6-8 Sept 2018

Report on 4Th International Conference on Applied and Theoretical Computing and Communication Technology (iCATccT) - 2018.

Dates: 6TH & 7TH of Sept, 2018

The International conference iCATccT – 2018 was jointly organized by the Departments of Electronics and Communication Engineering, Department of Computer Science and Engineering & Department of Information Science and Engineering 6th and 7th September 2017.

The 4Th International Conference on Applied and Theoretical Computing and Communication Technology (iCATccT) – 2018 is a technical event sponsored by IEEE- Bengaluru section, IEEE Advancing Technology for Humanity and IEEE Consumer Electronics Society Malaysia Chapter.

The main objective of this conference is bring both to Applied and Theoretical Computing Researchers, academicians, scholars, experts, engineers, students and Industrialists This conference was focused on promoting, developing and organizing associations and networks of Academicians, Engineers and Professionals and also to make faculty indulge in high end research in the relevant fields. Keynote address, and paper presentations from authors were a part of iCATccT – 2018.

A total of 209 submissions were received across India as well as from abroad. To name very few among them are - UttarPradesh, Gujarath, Maharashtra, Tamilnadu, Kerala, Hyderabad, Telagana and various parts of Karnataka, witnessing this truly popular and international event. The Technical Program Committee (TPC) comprising around 150 experts from academia and industry selected 61 papers for presentations and 53 registered. Acceptance rate is 27.6%. The conference will run in 3 parallel sessions in 2 days.

The registered papers were scheduled for presentations in two-day conference. The paper presentations were scheduled in 3 tracks, with three

sessions in each track. Each session was reviewed by two session chairs, one external and one internal.

The 3 tracks were identified as:

Track 1: Theoretical Computer Science

Track 2: Applications of Communication

Track 3: Big Data Analytics,

The authors presented their original and unpublished work that includes research results, undergraduate and post graduate projects, and review papers in the areas of Applied and Theoretical Computing. The presented conference papers were peer reviewed by two competent reviewers.

Based on the reviews and recommendations of the session chairs, all accepted and presented papers will be published in the IEEE Explore Digital Library and selected, accepted and extended paper will be published in international journal of Forensic Software Engineering.

The conference started by welcoming all the dignitaries onto the Dias. The inauguration was started with an invocation by Kumari Srilakshmi from dept of ECE. The Introduction about Institution and welcome address given by Dr.Dattathreya, Dean Planning and Professor, Dept. of ECE, he welcomed all the dignitaries, Professors, Deans, Section Heads, Staff, Faculty, participants, sponsors, and the organizing committee members, press and media persons present for the conference.

Later Mr.Vivek Alva was florally welcomed the Sri Ganga Prasad and Dr. Alvaro Rocha.

Later lighting the lamp by **Guest of Honor Dr. Alvaro Rocha, Professor, University of Coimbra, Portugal** and other dignitaries on the dias. The other dignitaries present during the inauguration were Sri Ganga Prasad, Sr. Director and Center Head, C-DAC, Bengaluru, Sri.Vivek Alva, Managing trustee, AEF, Dr.Peter Fernandes, Principal, AIET, General Chair Dr.Niranajan Sr. member IEEE, Professor and Head Dept. of Computer Application. Proceedings of the conference released by dignitaries

General Chair Dr.Niranajan, iCATccT – 2018 was briefed about the details of the conference, He mentioned that total of 209 submissions were received across India as well as from abroad and the Technical Program Committee (TPC) comprising around 150 experts from academia and industry selected 61 papers for presentations and 53 registered.

Prof. Jayanth Kumar Rathod, steering committee chair briefed the profile of Guest of Honor Dr. Alvaro Rocha, Chief Guest Ganga Prasad and Key note speaker Dr. Thinagaran Perumal to the delegates and authors.

Honorable Guest Sri.Ganga Prasad GL, address the gathering by mentioning that India is blatantly lacking in engineering education system owing to paucity of effective teaching methodology. To overcome the problem, BEd training is made mandatory for engineering teachers as well. Also he said that Along with theoretical aspects the engineering students are taught soft skills like social skills, communication skills, character traits and attitudes. He added said, self management in terms of time, finance and subject planning is crucial for success of a person.

Stressing the importance of extra curriculum activities in academia, he said technical festivals, quiz, seminars, workshops, institutional student chapters, technical contests, and technical journals would groom the students to grow further.

Lauding the contribution of Centre for Development of Advanced Computing (C-DAC), he said it has been at the forefront of the Information Technology (IT) revolution, constantly building capacities in enabling technologies and innovating and leveraging its expertise, caliber, skill sets to develop and deploy IT products and solutions for different sectors of the economy.

In his presidential address Alva's Education Trust Trustee Vivek Alva said, the work culture among teachers, 9 to 5 should be replaced with willingness to work around the clock. Stressing the importance of confidence in life, he said, racing horses don't look each other, but they keep eye on the target, similarly students shouldn't be shaken by the competitors, they should have robust self confidence.

Vote of thanks was proposed by Dr.Manjunatha D.V, Organizing Secretary , Sr. Prof and HOD, E&CE Dept.

After the tea break, the inauguration function was followed by key note address by Dr Alvaro Roach, AISTI & University of Coimbra, Portugal, in his key note address, stressed about process quality management through information technology audit. The roots lie in IBM's Business System Planning Methodology which provides a top down analysis of the information requirements of the business. Dr Alvaro Roach was felicitated by guest of honor Sri.Ganga Prasad GL.

After the lunch, papers were presented by the participants in their respective tracks. The three track in charges, were,
