"Project management Professional"

Department of Mechanical Engineering in association with CAD DESK Training was organized a webinar on **"Project management Professional"** on 4-11-2020 at 02:00 PM to 04:00 PM in CAMD Lab, Mechanical department by the speaker Mr. Jeetendra Singh. The Webinar was conducted for online students.

Mr. Jeetendra Singh briefing on Project management professional

Webinar was very useful for students in that they discussed about **what is Project?**, Project profession to Introduction to Project Management. Speaker was given complete information about PMP demonstrates the experience, education, skill and competency required to lead and direct projects and about the software Primavera P6. Primavera P6 has a history of been used in courts around the world to document and defend project pay claims and progress disputes. Also, Primavera is required legally in some projects or countries as part of the regulations. This legal precedent means that the critical path method of project planning is generally done in P6.
