“Program :Outcome Based Education awareness”.

Dated:- 16/08/2017.

An Program **“Outcome Based Education awareness”** was organized by Department of Computer Science and Engineering on 16/08/2017.

Mr.Vasudev .S addressed the students about the importance of Outcome Based Education. Outcome based education is student centered instruction that focuses on measuring student performance i.e. outcomes. Outcomes include knowledge skills and attitudes. Outcome based accreditation – focus remains on evaluation of outcomes of the program, though Input and Output parameters are also important. Explained about Why outcome based accreditation, The focus will have to be on understanding fundamentals very well, and learning new skills/competencies that would enable individuals to cope with the demands of the rapidly changing workplace. Prepare global engineers who will have to solve problem and shoulder challenges which are not even known today
