“Orientation Program: Inculcating Innovative Pedagogy in Teaching and Learning under total quality management”.

Dated:- 07/07/2019.

An Orientation Program “Orientation Program: Inculcating Innovative Pedagogy in Teaching and Learning under total quality management” was organized by Department of Computer Science and Engineering on 7/07/2019.

The Orientation program was started by welcoming Dr. Guru Prasad Professor, Dept. CSE BMSE, Bangalore, students and faculties of AIET by Dr. Manjunath Kotari HOD, Dept. CSE, AIET. Dr. Guru Prasad sir addressed the selected bright students class representatives and faculties about the importance of Quality. 'Quality', conveys difference in worth, in relation to what is common. Quality is most often defined 'fitness for purpose' related to the needs of the user/customer, which indicates that quality depends upon a subject's view of what is the purpose of that phenomenon. In education the customer is not easily identified. Quality, thus, is a value judgment interpreted by different administrators, teachers, students, employers etc. Teacher education is one of the areas in higher education which trains student-teachers in pedagogy, which in turn helps them to train the young minds of educational institutions. It has exposed the perception of teachers on quality indicators, such as teacher quality, linkage and interface, students, co-curricular activities, innovative strategies in teaching learning practices, pedagogy, curriculum development, value inculcation, Teacher Education
