Sir,

Subject: Seeking permission to organize a Total Quality Management in Teaching Learning - An Orientation program on "**Outcome based Education for Faculty and Students**" reg...

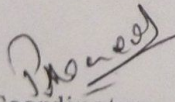

With reference to the above cited subject, the Mathematics Department is planning to organize a Total Quality Management in Teaching Learning - An Orientation program on "**Outcome based Education for Faculty and Students**" on 15th February, 2020 at **MBA Auditorium Hall**.

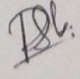

Resource Person: Dr. Manjunath Kotari
Professor & HoD
CSE Dept.

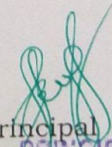

Timings: 2:00 to 3.00 PM

In this regard I request to grant permission to conduct the above mentioned program.

Thanking You

Coordinator
Dept. Mathematics

Circular

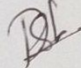

This is to inform that the Department of Mathematics is organizing a **"Total Quality Management in Teaching Learning - An Orientation program on Outcome based Education OBE for Faculty and Students"** on 15th February, 2020 at **MBA Auditorium Hall**.

Resource Person: Dr. Manjunath Kotari
Professor & HoD
CSE Dept.

Timings: 2:00 to 3.00 PM

All the students are informed to attend the same without fail.

Report

The Department of **Mathematics** organized a Total Quality Management in Teaching Learning – An Orientation program on “**Outcome based Education**” for Faculty and Students.

Dr. Manjunath Kotari, Professor & HoD, CSE Dept. educated the staff and students regarding the topic. The talk summaries as follows:

OBE stands for OUTCOME-BASED EDUCATION. Unlike traditional teaching – learning methods, OBE is a student-centered teaching and learning style which simplifies the complicated learning methods, encourages individual and also team work, professionalism, ethics, communication skills.

Based on the following principles, the framework of OBE system is constructed:

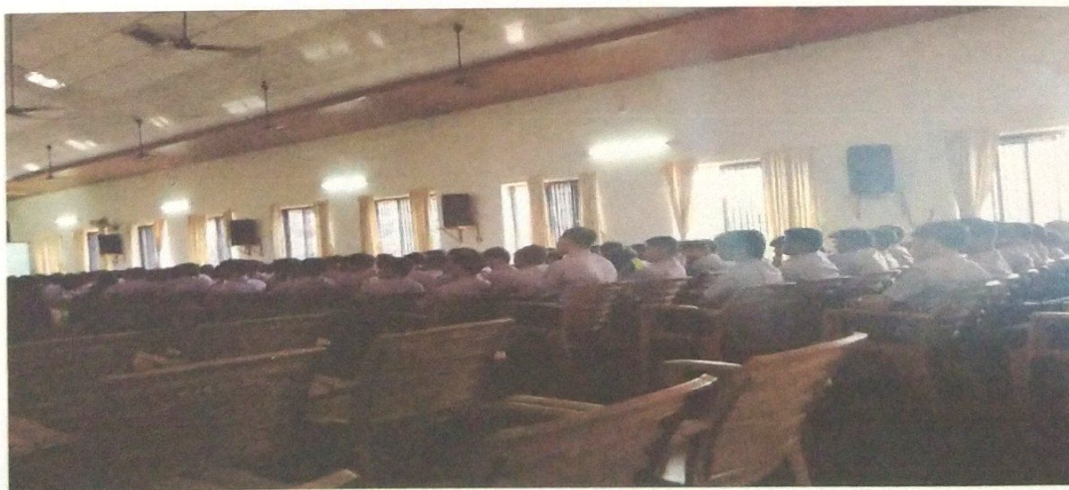

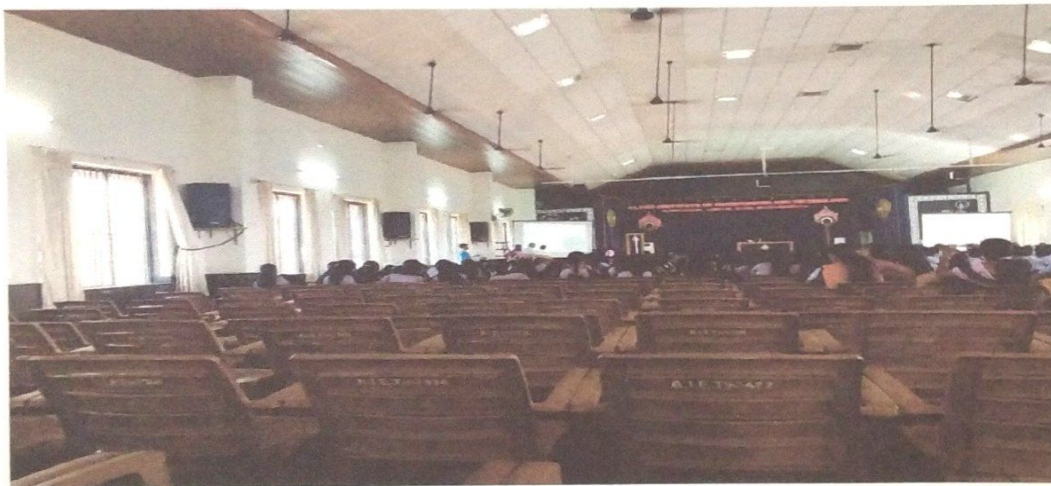

- Curriculum Management
- The curriculum and syllabus are created with the end aim in mind. Faculty members are given the option of tailoring the content to the needs of their pupils.
- Enhancement of student abilities
- Students can improve and polish their skill set using a student-centered teaching-learning strategy.
- Outcome-Focused Methodologies
- Teachers may map and measure their strategies using outcome-focused techniques, allowing them to get the most out of their pupils.
- Student Opportunities around the World

Students can flourish on an individual basis because of the well-organized and structured learning environment.

Aspects of Outcome-Based Education

- ❖ A course is a hands-on learning experience based on theory.
- ❖ Course outcomes are statements that summarise significant and critical learning that students have gained and can reliably verify at the end of a course.
- ❖ A programme refers to a degree's emphasis or discipline. It's a set of classes, co-curricular activities, and extracurricular activities that are all linked together.

- ❖ A programme refers to a degree's emphasis or discipline. It's a set of classes, co-curricular activities, and extracurricular activities that are all linked together.
- ❖ Program outcomes are more detailed statements that specify what students should be able to do by the end of the programme. Graduate Attributes are designed to be linked with POs as nearly as possible.
- ❖ A program's Educational Objectives are statements that describe what graduates can anticipate to achieve in their careers, particularly in the first few years after graduation.
- ❖ Programme Specific Outcomes define what students should be able to do by the time they graduate in a specific discipline. A typical programme has two to four PSOs.
