"AVANI - KESARD ONJI DINA" 2016-17

(23rd October' 2016)

Today, Agriculture is considered the most important but highly deprived sector. Most of the farming community belongs to the rural part of the country. There are many challenges faced by farmers such as predicting the climatic changes, selection of the right crop, alternate crop solutions, and so on. To minimize these challenges, Information Technology plays a vital role with the available technology options. The seamless application of Information Technology would help the technologically un-savvy farming community to produce the needed economically beneficial crop. With the motive of creating awareness amongst the farmers on the available technologies and for the students to understand the gross root level of the agricultural sector, The Information Science and Engineering Department forum, "Techgeekz", conducted a splendid event 'Avani- Kesard Onji Dina' on 23rd October' 2016 at Mijarguthu. The event was traditionally inaugurated by Chief Guest, Mr. Jayaram Hegde, Sumathi Plantations, Mijarguthu and Principal, Dr. Peter Fernandes. Principal said that, such events aptly conveys the significance of conserving the nature with utmost care for the future generations. He also focused on traditional mud games and its importance.

The whole arena was set for the event, by the students of ISE, a day earlier, with the help of Mr. Sudhakar Poonja and other staff coordinators of AIET. The faculties of ISE and other departments set the pace for mud sports events, by beginning with the running race competition. Many other sports events were conducted like Bomb in the City, Volleyball, Kabaddi, Throwball, Hit the Height, Treasure Hunt, Five Leg Race, Piggy Back, Reverse Race, Human Knot, Relay and Football. Trustee, AEF, Mr. Vivek Alva's participation in games was the highlight of the whole event, students were brimmed with enthusiasm and sportsman spirit.

Many students of AIET actively participated in the games and made the event grand and memorable one. Certificates and medals were distributed to the individual winners and trophies were given to the group event winners. Food stalls and even stall games were arranged by the ISE students, the money gained through this would be further given for charity.

The total fund collected of amount Rs.25,000 was donated towards the improvement of faculties in old orphanage campus.

To,

The Head

Department of Information Science & Engineering
AIET , Mijar

Dear Sir ,

I would take this opportunity to thank Department of Information Science & Engineering, Alvas Institute of Engineering , Mijar, for the generous donation of Rs 25,000 made on 18th of February 2017 towards the improvement of facilities in our old orphanage campus. Your commitment towards helping old aged people to get access to support, shelter and good care has made it possible for old helpless people to get the amenities they urgently need. Thanks to your kind donation, we will also be able to purchase few new plastic chairs . We look forward to your continued support. God bless you all.

Thanking You
