"AVANI – KESARD ONJI DINA" 2017-18

Today, Agriculture is considered the most important but highly deprived sector. Most of the farming community belongs to the rural part of the country. There are many challenges faced by farmers such as predicting the climatic changes, selection of the right crop, alternate crop solutions, and so on. To minimize these challenges, Information Technology plays a vital role with the available technology options. The seamless application of Information Technology would help the technologically un-savvy farming community to produce the needed economically beneficial crop. With the motive of creating awareness amongst the farmers on the available technologies and for the students to understand the gross root level of the agricultural sector, The Information Science and Engineering Department, under FORUM activity, "Techgeeks", organized the branch fest "AVANI" on 29th OCTOBER, 2017. Dr. Peter Fernandes, Principal, AIET, was the president of the function and inaugurated the fest. Our beloved trustee Mr. Vivek Alva, Head of the department Mr. Jayantkumar A Rathod, all the staff and students were also present for the inaugural function of AVANI 2017. Our beloved Principal Dr. Peter Fernandes explained the importance of mud games to our students.

AVANI also titled as "KESARD ONJI DINA" is basically a MUD GAME event. It was organized in the paddy fields which was located near Vishnumoorthy temple, Thodar. Mr. Sudhakar Poonja from maintenance department helped us in all the ways possible to set up the field, Tents, speakers etc. It was our physical education director who took the responsibility of arranging the referees for the events.. Our beloved trustee Mr. Vivek Alva was also present for AVANI and participated actively in many games.

Gaming events included Kabbadi, Racing, Reverse Racing, Relay, Football, Volleyball, Tug of war and some free on spot gaming events were also organized with exiting gifts. Students and staff actively participated in various games.

Around 250 students from various department participated in this event. The collected amount will be used for some social purpose, so that needy and poor people are benefited. Winners of the games were awarded with individual medals. Along with Mud games, Stall games were also organized. Food and beverages prepared by the students also made a huge contribution to the success of AVANI. Good support from ISE department students and faculty members, management.

The total fund collected was donated for providing lunch to old age people.
