INTRODUCTION

In these ages of globalization importance of good communication skills cannot be ignored. It is also essential to gain proficiency in language at an early age, So that the tomorrow's challenges can be handled with confidence. Following the words of Shri Aurobindo; "Every child has an imagination and an instinct for words, a dramatic faculty, a wealth of ideas and fancy"- Language lab is essential to improve the linguistic and phonetic skills of the students. Students gain the skills through audio and visual systems. Students enjoy the most when they check their own pronunciation and polish their language. Language lab is highly beneficial for language skills enhancement. Certainly language lab will be a value added arena for the institution.

OBJECTIVE

The importance of the English language cannot be mitigated even if so desired. It is almost necessary that a learner has a good command over the language to allow him overall success in life. Having clarity and accuracy of the English language gives confidence to the learner and opens doors to avenues otherwise out of reach. His/her understanding of the nuances of the English language serves as a platform to rise and evolve in his/her life and career. The enhancement of the English lab among students lies with the institution along with the efficient teachers an institute can make arrangements to set up a good digital English language lab for the students. A good English language lab established and used by the students can do wonders.

IMPORTNACE OF ENGLISH IN TECHNICAL FIELD

The world needs a language to communicate as a whole to bridge the gap between each other. Most of the information, literature, technical and scientific works are in English. Besides the literature, the manifestation of the thought process requires communication of the language. Communication skills are indispensable for the success of any professional. If one has to reach out to people, he or she has to speak their language. The English language, in particular has become essential in the lives of young people who aspire to advance their careers anywhere in the world. To acquire the proficiency in the language, the process and method of learning of that language is the one which makes an impact on the student.

English language labs are designed to provide the students with the strong platforms for the practical training in the language. The concepts are discussed and demonstrated by the teacher, before the students proceed to practice them individually in the language lab. The
