## **REPORT**

### **ROSTRUM- THE SPEAKERS' CLUB**

#### **GUEST LECTURE BY MR. DAYA NAYAK**

**06/09/2016**

#### **AIET Auditorium, Mijar**

'Moral policing will not make the system proper, instead citizens supporting police in maintaining and following law will definitely make a difference said', Encounter Specialist PSI Daya Nayak.

He was speaking on 'Crime, Youth and Society' after inaugurating 'Rostrum', Speakers' club organised by Alva's Institute of Engineering and Technology, on Tuesday, at AIET Auditorium, Mijar.

The police department is responsible for maintaining law and order in the society and citizens are equally responsible to cooperate with the department and follow the law, he noted. He added and said it is globally accepted that the Scotland cops are the most effective police force in the world. But the fact is Indian police work harder and functions more effectively than the Scotland police. What makes the difference is the cooperation that departments receive from the people is not seen in India, while Indians lack the courtesy to abide by the law. He called upon the students to excel in one field and told to contribute valuable service to his country in one or another way. Answering query about his suspension, he told, 'If I am getting punishment for doing good works, I will not get back from doing that, If I found guilty law will punish me'. Even after more than 70 years of Independence, the Police Act is still not amended. We still follow the outdated Police Act, he lamented. Success is guaranteed virtue, but it takes a lot of excellence and calibre to achieve it. As long as your conscious is clear, no one can stop you from achieving any heights. He told it is necessary to make the students aware of law conducting law courses in the college.

Alva's Education Managing Trustee Vivek Alva, AIET Principal Dr Peter Fernandes, Rostrum President Raksha Satish, Secretary Murali Krishna Acharya were present among others.

**TOPIC: " After effects of demonitization "**

**DATE: 21<sup>st</sup> March, 2017**

**VENUE: AIET Auditorium**

**INVITE**

**REPORT**

**GUEST LECTURE BY MR ANIL BOKIL**

**Member, Artha Kranti Sansthan, Pune**

Rostrum the Speakers Club organized a Guest Lecture by Mr Anil Bokil on 21-3-2017 at Auditorium, AIET on the topic "After-effects of Demonetization".

The taxes were to be replaced with Bank Transaction Tax (BTT), wherein every inward bank transaction would attract a levy (say about two per cent). It would be a single point tax deducted at source. - The deducted amount would go into the government kitties at various levels (Centre, State and Local, broken up in perhaps a ratio of 0.7 per cent, 0.6 per cent and 0.35 per cent, respectively). The concerned bank will also get a share of say another 0.35 per cent. Of course, the BTT rate would be decided by the finance ministry and Reserve Bank of India, said Mr Bokil.

Managing Trustee, Mr Vivek Alva and other dignitaries were present during the lecture.
