ABSTRACT

Abstract In a busy schedule, we tend to forget many important things easily, and to remember these things we need to note down things in a piece of paper. In such busy schedules people need some personal assistant or a reminder to remind them about the important work that needs to be done. This android application will help them to remind, to do such important things. These grocery list android application can help us to note the grocery which needs to be purchased. This application will allow the users to organize the data in a simpler and easy way. In this application users can view all the groceries and also, we can delete, edit and copy the list based on priorities.
