

15th February 2019

CERTIFICATE OF TRAINING

This is to certify that Rahul Itnal has undergone internship from 7th January 2019 to 15th February 2019 at **Tessolve Semiconductor Pvt Ltd**, Electronic City, Bangalore.

During the internship period, he got trained on the following aspects:

- Introduction to IC Testing-Semiconductor IC Life cycle, IC domains and applications.
- Basics of ATE-Automatic Test Equipment, Test Engineering Flow
- Understanding VI source, Protocol study- I2C and SPI
- Datasheet parameters, Continuity Test, power short test, Leakage Test
- Functional Testing of digital ICs using LG Lite ATE.

Rahul Itnal has shown enthusiasm during the whole period of internship and has shown keen interest in acquiring knowledge, which will be helpful for his academic as well as future career prospects in Engineering.

We wish him success in future.
