Dr Shashidhar G Koolagudi

A One-Day Seminar on “How to write a technical paper for conferences and journals” was done by Dr. Shashidhar G Koolagudi from Department of Computer Science and Engineering. The seminar was conducted for the benefit of faculties of the respective departments and also students from UG and PG programs.

The talk was based mostly on the basis of research and how we can differentiate between different papers of different publishers. The way of writing the content in the papers so that we receive less correction and will be able to published in UGC notified or scopus index journals.

The talk also covered the topics such as the difference between the conference and journal papers. The paid journal and non-paid journals and the common practices in publishing a paper.

He also covered general requirements of the papers like the abstract, introduction, research methodology, literature survey etc. He also advised everyone to concentrate on a same topic for entire research purpose so that more papers can be generated from the same project with different parameters without creating any confusions and problems.

The session covered all the requisites in journal preparation and also take part in conference and publish the paper in the proceedings. The session included the presence of most of the faculties from mechanical engineering department along with other departments and also students from pre-final. The talk was for the benefit of the research scholars.
