**THREE-DAY WORKSHOP ON COUNSELLING AND MENTORING**

**FOR FACULTY AND SWOs**

**Date: 15, 16, 17 December 2016**

**Venue: MBA Seminar Hall, AIET**

Dr Meena Monteiro taught the skills need for counselling. She emphasized the need to develop empathy and patience to be a good listener. A counsellor should always protect the interest of her client by maintaining secrecy and also, follow up with the progress over a period of time. The best goals in the world are not attainable by someone who lacks the necessary knowledge, skill, and attitude to do the required work. The development of organizations' human resources are becoming more critical as these organizations attempt to survive in an increasingly dynamic and competitive global marketplace. Students need to be shown the right way of competing and managing stress to be successful in their endeavours.

### **WOMEN EMPOWERMENT CELL**

#### **REPORT OF SELF DEFENCE AWAENESS TRAINING Dec 29, 2016**

Harassment of girls and women is common in our society, and many of these incidents go unreported, eventually leading to horrible crimes against women and girls. There is a strong need to address such complex situations in order for females to be able to protect themselves from negative consequences. We can secure a society filled with tough and strong women who can protect themselves by forcing them to study self-defense.

As a result, students showcase self-defense training programmes for other female students in various classes. This has raised awareness of good and bad touch among children, particularly among girls, alerting and encouraging them to speak up about unfavourable conditions.

### **TALK ON WOMAN'S HEALTH AND WELLBEING**

**Date: 2 January 2017**

**Venue: MBA Seminar Hall, AIET**

Dr Shedde a renowned Gynaecologist and Rotarian was invited to speak to the female faculty and students on Woman's Health Issues and How to cope up with them. He explained in detail the productivity cycle and how one should take care of her health and the consequences of poor food habits and hygiene. He also informed the female audience as to how to prevent cancers and aids by following a healthy life style.

Addressing women's health is a necessary and effective approach to strengthening health systems overall – action that will benefit everyone. Improving women's health matters to women, to their families, communities and societies at large. Improve women's health – improve the world.

### Outcome

Dr. Shedde, a well-known gynaecologist and Rotarian, was invited to speak to female staff and students about women's health issues and how to deal with them. He went over the production cycle in considerable detail, as well as how to take care of one's health and the implications of poor eating habits and hygiene. He also taught the female audience how to avoid cancer and HIV by living a healthy lifestyle. A total of 75 students attended the event.

The PG Students of Alva's College of Naturopathy and Yogic Sciences hold one-week yoga training and meditation techniques for our female students and faculty. They also teach them Zumba and other floor exercises to stay healthy and fit. Dr Vanitha Shetty, Principal of the College of Naturopathy and Yogic Sciences said, "A woman undergoes many changes from menarche to menopause and no matter which stage you are in you must practice yoga. Yoga is for every body type and can be modified to suit women of any age. It is not just an exercise; you do yoga because you are worth it. It offers benefits for mind, body and spirit. You become more positive, happy and energetic. Yoga helps you to live the moment and find a balance in life."

## **WORKSHOP ON PROFESSIONAL ETIQUETTE AND WORK-LIFE BALANCE**

**Date: 2 March 2017**

**Venue: MBA Seminar hall, AIET**

Mrs Mathias in her introduction to the workshop said, “Whether you are starting your first internship or have many years of professional experience under your belt, how you present yourself to others in the workplace matters. Setting a professional tone is crucial to building new relationships and ensuring you have a positive, successful experience in the workplace.”

They key to success is to make a good impression, avoiding gossip, good communication skills, understanding one's work environment and being professional. Mrs Mathias educated the faculty and students on social skills, family skills, personal and interpersonal skills, coping with stress, time management and work-life balance for happy and successful life.
