**Outcome:** The students have taken up the objective of "Swachh Mijar" as their major role in keeping the adopted village of "Mijar" clean and tidy. The swachhta activities conducted cover the main road connecting Neerkere and Ashwathapura, a stretch of about 3 km, and the residents staying on either side of the road benefit from this cleaning activity. The 82 students of Alva's Institute of Engineering and Technology, who participated in the event instilled key skills such as teamwork, leadership, time management, discipline, etc., that are helpful in other walks of life. They develop good self-esteem, social skills and become more confident, responsible citizens.
